TAFT DISCUSSES TRUST QUESTION

His First Plunge Into Political Phase of His Tour.

BOLDLY CHALLENGED CRITICS

Challenged His Opponents to Join Him in Putting All Presidential Appointments on Civil Service List.

Detroit, Mich., Sept. 18.—President Taft plunged into the political phase of his long trip through the West, and delivered one of the set speeches which may have a determining effect upon his future. Mr. Taft chose the "Trusts" for his first appeal to the people and outlined his position regarding this ever-pregnant issue. In a second speech he answered the charge that he has used patronage to further his own ends and boldly challenged the men who had made the charge to come forward and join him in an extension of the civil service to practically all of the appointive offices under the government. Mr. Taft's free use of the words "I challenge" gave a campaign ring to his utterances which seemed to delight his hearers.

The President announced his unqualified opposition to any amendment of the Sherman anti-trust law designed to overthrow the "rule of reason" laid down by the United States Supreme Court in the Standard Oil and Tobacco trust cases, and challenged William J. Bryan, and all other critics of the court to cite a restraint of trade which they would condemn and which would not be condemned under Mr. Justice White's definition of the law.

Mr. Taft declared that the Department of Justice at Washington is conducting an investigation of all corporations suspected of operating in defiance of the anti-trust law and added that the statute, as interpreted by the Supreme Court, would be found sufficient to cause the breaking up of any illegal combinations. The President entered into the defense of the Supreme Court with more than his usual vigor and his speech was frequently interrupted with applause.

The trust speech came near the close of nine busy hours spent by the President in and around Detroit. Wherever he went today, in Detroit, at Pontiac, and at the State fair grounds, Mr. Taft was compelled to make his way through dense crowds. His welcome into Michigan, which is regarded as wavering on the brink of insurgency, seemed to please the President immensely and he was in a happy mood when he left at 4:30 P. M. for Saginaw, where a half hour's stop was made and for Bay City where he spent the remainder of the evening and dedicated the new armory.

Mr. Taft spends four days in Michigan, swinging tomorrow up to Sault Ste. Marie. He was greeted here today by both Senators Smith and Townsend. Governor Osborne, detained at Lansing, sent a warm message of welcome.

The President's day was filled with incidents. He arrived in a downpour of rain, but while breakfasting at the Detroit Club the clouds began to break away and by the time he started for Pontiac by special trolley train, the sun had come out and the sky was blue up to the hour of his final leave-taking in the late afternoon. There were crowds at the station as early as 6:30 o'clock and neither the rain nor the police who drew a deadline half a block away, seemed to dampen their enthusiasm. At Pontiac the President was greeted by a big throng, but it was at the opening of the State fair later in the forenoon that he faced his largest audience. In the midst of splendid agricultural displays the President spoke of the value of scientific farming.

Following an introduction by Milton McRae, president of the Detroit Board of Commerce, Mr. Taft was interrupted by an enthusiastic admirer who called out:

"Three cheers for the next President of the United States."

The President smiled indulgently and then with something of a twinkle in his eye he replied:

"My friend, I fear that you are not a prophet."

During the five miles of street riding into Detroit from the fair grounds, the President was given a noisy greeting as he passed along.

It was at the Board of Commerce luncheon that President Taft took up the trust question. The function, held in an immense pavilion, was attended by approximately 1,500 business men of the city. Mayor Thompson and President McRae of the Board, in brief speeches of welcome and introduction, referred to President Taft's efforts for areciprocity which is heartily favored in Detroit, but their enthusiasm and praise did not swerve Mr. Taft from his determination to say nothing on that subject until the Canadian elections are completed next Thursday evening.

Following the luncheon came an automobile parade through the city and a brief visit to the convention of United States internal revenue officers, where the President spoke regarding patronage, thus adding another political touch to his visit.

"They have charged me with using patronage to accomplish something," he said. "If I have, I am not conscious of it. But I challenge the men who make the charge to come forward and join with me in legislation which will enable me to put every local officer, be he postmaster, internal revenue collector, customs collector, or anybody else filling an office of the United States in any of the States of the Union, under classified civil service. But they won't do it—at least they won't do it now.

"If I had the making of the laws of this country, the first thing I would do would be to include in the civil service every collector, deputy collector and everybody connected with the internal revenue system in local collections and put the whole service on an effective, non-partisan basis. I know that it will be a source of economy. I know that it would give the President a great deal more time to devote to other duties; I know that it would save a good many Congressmen their seats and I know that it would tend to the elevation of the public service."

QUIET RESTORED IN VIENNA

...ny Killed and Wounded in Sunday ...ttle With Rioters—People ...e Desperate by High Cost of Living.

Vienna, Sept. 18.—Vienna tonight is in the hands of the military authorities. The garrison has been reinforced by several other regiments and all the palaces and public buildings are guarded. Two thousand troops surround the Schonbrunn palace. Martial law has been declared in the Ottakring district where the most serious disorders occurred last night. This district is now occupied by 6,000 troops. Disturbances of a minor nature occurred there this evening but the soldiers soon had the rioters under control.

A critical situation has arisen in Vienna owing primarily to the high price of the necessaries of life. Rioting broke out Sunday and many persons were killed or wounded. Troops fired on the mobs, which erected barricades in the streets. There was a fierce exchange of bullets, and the soldiers were pelted with all sorts of missiles.

Following a huge socialist demonstration Sunday afternoon outside of Rathhaus, held for the purpose of protesting against the high prices of food, it became necessary to call out troops to disperse the rioters. In the early clashes 50 of the rioters were wounded and 100 arrested.

Fifty thousand persons were present at the demonstration, and fiery speeches were made demanding that the government permit the importation of foreign meat and take other measures to remedy the conditions which have resulted from the prohibitory increase in the price of food products. After the meeting a large procession marched to the parliament buildings, cheering for revolution and for Portugal.

Revolvers were fired in the air, and then the mob began stone throwing. The windows of many public and private buildings, restaurants and tram cars and street lamps were smashed.

Finally a squadron of dragoons and a detachment of infantry appeared on the scene. They charged the rioters and dispersed them. The mobs reassembled, however, in the suburbs, which are occupied by the working class, where they wrecked more property. The troops were retained throughout the day guarding the imperial palace and government buildings, and holding all approaches to the inner city.

Toward evening the rioting in the Ottakring quarter became more furious. The mob demolished all the street lamps in the main thoroughfares, plunging the streets into darkness. They erected barricades and hurled missiles of various kinds on the soldiers from the upper windows of houses.

The order was at length given to the troops to fire. At the first volley many rioters fell, either killed or wounded. Several of the soldiers and policemen also were injured, and 100 more of those engaged in the conflict were placed under arrest.

The agitation is the culmination of months of bitter discontent over the steady increase in the cost not only of food, but of lodging, clothing, and all the necessaries of life, and unless parliament takes action, it is feared that the devolpment of the disturbances will be very serious.

COLUMBUS CHAMPION.

By Taking Yesterday's Game at Columbia, She Takes Columbia.

Columbia, S. C., Sept. 18.—Columbus won the championship of the South Atlantic League today by taking the sixth game of the post season series from Columbia by a score of 7 to 2. Today's victory gave Columbus four games to Columbia's two.

Columbus won the game in the fourth inning when they bunched three hits with a base on balls, and an error, scoring four runs.

The first half of the South Atlantic League season was concluded June 17th last, at which time the Columbus team won the tentative championship. The post season series with Columbia, the winner of the second half of the season, was for the purpose of determining the league championship for the entire 1911 season.

Charleston, S. C., Sept. 18.—Loss of $50,000 was wrought to the works of the Etowah Fertilizer Company, about three miles beyond the city boundary this morning, the lofty acid chamber being totally destroyed. City fire apparatus attempted to stay the flames but it is said that there was a lack of water, only chemicals being available. A defective flue is thought to be the cause. It is stated that the plant was fully insured.

HAWKINS' MYSTERY STILL UNSOLVED

Possibility of Assault Followed by Murder New Phase in the Case.

THE INQUEST YESTERDAY

No Startling Developments at Yesterday's Hearing—Watch Belonging to Dead Girl Found—Many Witnesses Testified.

Hendersonville, N. C., September 18.—Another phase entered the Myrtle Hawkins case today with the discovery of evidence indicating the possibility of assault, followed by murder. Detectives handling the case declined to discuss the effect of the discovery but the coroner said tonight that the new evidence will be presented to the jury when the inquest is resumed tomorrow afternoon at 3:30 o'clock.

There were no startling developments at today's hearing, though the county authorities sought to establish that George Bradley, who admitted "keeping company" with Myrtle Hawkins for several months before his marriage, was seen with a small woman on Lake Osceola road the afternoon Miss Hawkins disappeared from home.

Wallace Reddin testified that he saw Bradley and a woman together talking earnestly. He knew Miss Hawkins, and had seen her walking alone on the Osceola road the day before, but could not identify her as the woman with Bradley.

Other witnesses testified that they had seen Bradley and Miss Hawkins on the road Wednesday and Thursday.

Lucy Wright, daughter of Mrs. Reuben Wright, told the jury that Saturday morning following the disappearance of Miss Hawkins she found a watch belonging to the dead girl in the dry "spillway" of the lake. The watch had stopped at half past nine.

AVIATORS COME TO GRIEF.

Rodgers and Ward Halted by Mishaps Pacific Coast Flyers.

New York, Sept. 18.—C. P. Rodgers and J. J. Ward, the aviators who are flying to the Pacific coast from New York for the Hearst prize of $50,000, are companions in misfortune tonight. Rodgers' flyer is a wreck at Middletown, where he landed yesterday after an initial flight of about 80 miles from the Sheepshead Bay race track and Ward is at Corning, about 280 miles from New York, with the engine of his machine so badly burned that it is useless.

Rodgers smashed his machine by striking a tree while trying to make an early morning start from Middletown. Telegrams received here this afternoon were to the effect that he might patch up the machine and be ready for further trial by Wednesday.

Ward, after flying 56 miles in 43 minutes, from Owego to Corning, was forced to alight because of the breaking of an oil feed and the burning out of his engine. Mechanics from Hammondsport this afternoon began installing a new engine with which the young aviator hopes to fly onward tomorrow.

ENGINEER KILLED.

Head-On Collision Between Coast Line Freights Near Smithfield.

(Special Star Telegram.)

Rocky Mount, N. C., Sept. 18.—Engineer R. A. Bell, of Rocky Mount, was killed in a head-on collision at 3:30 this afternoon near Smithfield, when Trains 315 and 202 of the A. C. L., came together. Officials of the road say that Mr. Bell, ran past the meeting point at Smithfield. No one else was injured. Traffic was not delayed R. A. Bell was one of the best known and most popular engineers on the road. He was about 38 years of age. He is survived by his widow, the daughter of engineer J. Zimmerman, of this city. Mr. Bell, came here in 1906 and married Miss Zimmermann, five years ago. He was a prominent Mason. His father, sister and brother are living in Ottawa, Can., his home city. The body was brought here this evening. Burial will probably be at Rocky Mount, under the auspices of the Masons.

AVITATORS COMING SOUTH.

Winter Camp Will Be Selected By Signal Corps of Army.

Washington, Sept. 18.—Brigadier General James Allen, chief of the signal corps of the army, today began active work in planning the Winter's campaign of the army aviators under his direction. The aviaton corps will go South for their Winter's work, said General Allen today, but we have not decided yet where their headquarters will be. The work at the government aerdome at College Park, Md., will close about the end of October. Several citizens in the South already have filed applications with the signal corps chief to be considered when the Winter camp is selected. Among those are Greenville, S. C., Augusta, Ga., Aiken, S. C., and Palm Beach, Fla.

It is probable the army aviators will fly from their quarters at College Park to the camp selected in the South.

PREMIER STOLYPIN IS DEAD

Bullets of Assassin Caused Death of Russian Statesman—Jews Became Panic Stricken—Government to Protect.

Kiev, Sept. 18.—The Russian premier, Peter A. Stolypin, died tonight from bullet wounds received at the hands of an assassin during a gala performance at the municipal theatre Thursday evening. The official time of his death was announced as 10:12 P. M. (3:12 P. M.) New York time.

Almost until the last the premier was conscious and for half an hour during the early part of the evening his wife alone was at his bedside. Towards the end, Stolypin suffered greatly. He groaned incessantly and threw himself about on the couch on which he lay. Finally the heart action became weaker and as the body grew cold the premier realized that death was overtaking him. At a lucid interval a priest administered extreme unction. The metropolitan Flavian blessed and consoled him in his last moments. Frequently he called: "Give me the letter. Take it away. Give me a red pencil."

His last words were "Lift me. Light up." Half an hour before his death Stolypin asked the doctors to turn him on his side. He died peacefully surrounded by several of his relatives and State officials. All hope for the premier's recovery was abandoned this morning. Saturday night indications of peritonitis were noted, which became aggravated Sunday. The bulletin issued by the attending physicians early this evening declared that the patient's condition was hopeless.

Premature reports of the premier's death were current for hours before it occurred. Several missions and embassies were misled by these reports and notified their governments. The authorities at first decided to conceal the news of the premier's death until morning, fearing anti-Jewish outbreaks. This was found to be impossible and after the announcement was made all the attention of the authorities was centered in the protection of the Jews.

Representatives of the Jewish community were panic stricken and begged for protection and 30,000 troops were poured into Kiev to prevent excesses. The city is depressed but calm. M. Kokovsoff, the minister of finance, who was appointed acting premier after M. Stolypin was shot, has sent a peremptory circular to the various governors on the maitenance of order. It is stated on excellent authority that M. Kokovsoff will be appointed premier.

An autopsy will take place at an early hour tomorrow morning, after which the premier's body will be embalmed. Emperor Nicholas left Tchernigov tonight for Kiev.

Governor General Trepoff has issued a public notice that disorders will not be tolerated and stringent regulations are published forbidding the carrying of arms. Outgoing trains are crowded and double trains and extra trains are leaving Kiev every hour. Hundreds of well-to-do Jews are departing from the city.

GREAT RELIGIOUS CRUSADE.

New York Bankers Finance Evangelistic Scheme.

New York, Sept. 18.—Joseph G. Cannon, a New York banker who is one of 97 financiers and clergymen who are directing the "Men and Religion Forward Movement," gave an elaborate dinner at the Metropolitan Club tonight to the 30 trained Christian workers who are to open the new crusade to evangelize the American continent in Minneapolis on October 2nd. It is said that the movement, which has been taking form for some time, is the most ambitious religious crusade since the days of the Reformation. The 30 workers are all men, so chosen because the leaders in the movement believe that men can best be converted by fellow men.

At a meeting attended by 500 ministers interested in the movement, held at the Broadway Congregational Tabernacle this afternoon, it was argued that "a real man's" influence was strongest with the masculine sex. The speakers said that the time was ripe for a crusade of this sort. The workers will visit 76 centers of population in this country and Canada.

OUTLINES.

In the reciprocity campaign in Canada, Hon. R. L. FINAL ASSAULT ON RECIPROCITY

Mr. Borden Appeals to Canadians to Defeat Trade Compact.

WANTS TO PRESERVE CANADA

Opposition Frightening Canadians by Declaring That Destiny of Their Country is Imperiled—Warns Them Against U. S.

Halifax, N. S., September 18.—R. L. Borden, the opposition leader, issued a final appeal to the people of Canada tonight to defeat reciprocity. The appeal, in the form of a signed statement, declared that the people now understand that they are called upon to determine not a mere question of markets, but the future destiny of Canada.

He appeals to Liberals and Conservatives alike and says he speaks not as a party leader, but as a Canadian citizen whose hopes are bound up with the hopes of his country.

While he says that the outlook is full of hope, he believes "that we are in truth standing at the parting of the ways," and he, therefore, begs the people to cast a soberly considered vote "for the preservation of our heritage, for the maintenance of our commercial and political freedom and for the permanence of Canada as an autonomous nation within the British Empire."

After referring to the reciprocity issue as the most important question ever submitted to the Canadian electorate, Mr. Borden says:

"On either side of the boundary line its advocates realize perfectly that in its final outcome this treaty undoubtedly means the commercial and fiscal union of Canada with the United States. The chief magistrate of our powerful neighbor on the south has warned us in language of unmistakable import that the consummation of this treaty will forever prevent the consolidation of our empire. With profound insight and clear vision, he has made the memorable declaration that if Canada accepts this compact she can never become a part of that great imperial commercial band which, as he anticipates, will reach from England around the world to England again. We must make our choice between reciprocity within the empire and reciprocity with the United States. And let us never forget that Canada cannot become fiscally and commercially a part of the United States and remain politically a part—and an important part—of the British Empire.

"Can there be any doubt that this compact will result in prematurely dissipating those abounding resources which we hold not alone for our own use and profit, but in trust also for those who are to succeed us? Will the people of Canada willingly decree that so splendid an inheritance shall pass into other hands than their own?

"The relations created by this compact will increase threefold the power of the United States over our commercial destinies. Less than two years ago by the theat of prohibitory treaties they forced our government to alter our tariff. Do not imagine the spirit which compelled this unwarranted concession to our powerful neighbor will die on the morrow of its first great success. If we accept this compact we must anticipate a renewal of the attempt. If the tariffs of the two countries are interlocked by this treaty be assured that the stronger party will also carry the key.

"I believe that we are in truth standing today at the parting of the ways. This compact made in secret and without mandate, points indeed to a new path. We must decide whether the spirit of Canadianism or of Continentalism shall prevail on the northern half of this continent. Today Canada is the mistress of her destiny. She commands both the Atlantic and the Pacific; she holds the highways of the world. Outside of the United Kingdom she is the most important unit of the whole British system, which extends beyond every sea and throughout every continent, and governs no less than one-fifth of the entire human race. With Canada's youthful vitality, her rapidly increasing population, her marvelous material resources her spirit of hopefulness and energy, she can place herself within a comparatively brief period in the highest position within this mighty empire. This is the path upon which we have proceeded; this is the path from whch we are asked to depart. I do not believe that the spirit of the Canadian people will sanction any such departure."

In conclusion, Mr. Borden makes an earnest appeal to the people "To rise above all party ties, to take heed of the higher considerations and to determine their course with a sense of the enduring results of their decision. I entreat them not to swerve from the straight path that leads to the making of a great nation."

Other Side of Reciprocity.

Ottawa, Ont., September 18.—Asserting that the lime-light of campaign publicity had driven the annexation bogey to haunts known only to opposition leaders and that an overwhelming majority of Canadian voters are prepared to vote favorably next Thursday upon ratification of the reciprocity

COTTON BILLS OF LADING

Valuation and Central Clearing House Plan Denounced by Southern Cotton Men and Bankers—Will Ignore Scheme.

New Orleans, Sept. 18.—Denouncing the Liverpool cotton bills of lading validation and central clearing house plan as an extraordinary and unique insurance against the result of the negligence of the European cotton buyers in dealing with irresponsible firms, and declaring it a reflection upon the honesty and integrity of the Southern cotton exporters, the conference of Southen bankers, exporters and cotton men held at the Cotton Exchange today adopted resolutions placing themselves on record as unalterably opposed to the scheme and refusing absolutely to have anything to do with it.

The plan was branded as being repugnant to sound business principles and offensive to reputable and honorable business men in that it assumes all cotton shippers are dishonest until the New York validating bureau has pronounced them otherwise. A militant resistance through a thorough organization of interests was suggested to fight the Liverpool scheme. Charles S. Haghat, of New York, representing the foreign interests, explained the workings of the proposed central clearing house. The conference was enlivened. Mr. Haight felt that his motives were impugned and his statements questioned.

Following a preamble which declared that the foreign buyers dictate to the Southern cotton shippers and bankers, over the earnest protest of the latter, the method of billing export cotton" and branding it a plan of "unique insurance," the resolutions adopted in condemning the central bureau plan declare that the proposed scheme is unjust in that "it proposes to place self respecting and universally respected merchants under the same obnoxious surveillance that it bestows on questionable parties; and finally futile, in that the fiat of the central bureau, certifying to the one virtue of genuineness of signatures, would place irresponsible and dishonest shippers in a position of vantage from which they could practice a multitude of collateral irregularities pregnant with greater injury to the cotton trade than the isolate danger of forgery.

"That the remedy for the conditions complained of lies in enforcing the practice of more careful and discriminating business methods on the part of both the carriers and buyers of cotton and no in attempting to devise schemes whereby the former may continue to escape liability for the injurious and fraudulent acts of their agents and employees and the latter may be protected in their indiscriminate and care free traffic with firms of a doubtful standing."

The resolution then declares that "it is the sentiment of the interests here represented that they will oppose the said central bureau plan, not only by refusing to comply with requirements thereof, but by organizing among their several constituencies a militiant resistance to the proposed reflection upon the honor of the Southern cotton merchants and upon the rights of the Southern cotton trade."

After calling the conference to order President Thompson was elected permanent chairman. He reviewed the bills of lading matter from the inception of the Liverpool plan to the the present conference. In part he said:

have built up their business and charruthless intention on the part of the foreign buyers and bankers to protect themselves in a loose and careless business, and furthermore to make the reputable merchants, those who have built up their usiness and character through long years of unimpeachable transactions to make these people pay the premium for this protection."

J. D. Moss, of Atlanta, Ga., was the only one to vote against the adoption of the resolutions. He said he thought there was some merit in the Liverpool plan.

VIRGINIAS AT LOGGERHEADS.

Conference Wednesday to Settle Ante-Bellum Debt—Court Decree.

Richmond, Va., Sept. 18.—Weary of West Virginia's delay in arranging a settlement under the United States Supreme Court decree requiring West Virginia to pay Virginia $7,152,000, as part of Virginia's ante-bellum debt, the Virginia debt commission will meet here Wednesday to determine upon a course of action. The commission may take the case back to the Supreme Court with a request that that tribunal enforce its decree given early this year. The decree in requiring West Virginia to pay the share mentioned added "with interest to be agreed upon by conference between the two States."

HONOR CARDINAL GIBBONS.

Municipal Holiday in Baltimore for His Dual Jubilee.

Baltimore, Md., Sept. 18.—A resolution was introduced in the city council tonight setting aside Monday, October 16th, as a municipal holiday in honor of Cardinal Gibbons. Passage of the resolution at its next meeting is assured.

The ecclesiastical celebration of Cardinal Gibbons' dual jubilee—the 50th anniversary of his ordination to the priesthood and the 25th of his elevation to the cardinalate—will take place the week of October 15th. A great parade is planned for October 16th.

CONFERENCE HERE AS TO WALK-OUT

Believed That A. C. L. and Car Repairers Will Adjust Differences.

TRAINMEN NOT INVOLVED

Meagre Information From Rocky Mount—President of Car Workers Gives Out Statement — At Wilmington.

Following conferences here yesterday between officials of the Atlantic Coast Line Railroad Company and Chairman Doughty, of the Grievance Committee of the union car workers in the employ of the road, it is believed that the threatened strike of car repairers and inspectors of the A. C. L., will be averted and that all differences between the men and the railroad company will be satisfactorily adjusted.

The only development yesterday was the conference in this city with the chairman of the committee and his departure last night for Rocky Mount to confer with the men who are out there. The repairers in the Wilmington shops to the number of 15 walked out yesterday, but according to information at headquarters here, the trouble is confined to the shops in this city, Rocky Mount and Florence.

Mr. R. E. Smith, general superintendent of motive power of the Coast Line, held a conference yesterday morning with Mr. E. M. Doughty, of Charleston, S. C., chairman of the Grievance Committee of the Car Workers of the Atlantic Coast Line system, in regard to the walkout, with a view to adjusting the difficulties if possible. The car workers contend that the company violated its agreement with them when it compelled them to do repair work on caboose cars by piece, instead of by the hour, and it was this question that was discussed yesterday, according to Mr. Smith. He stated that the company does not concede that it violated the agreement and that he explained to Mr. Doughty the view that the company took of the matter. Mr. Doughty left on the evening train for Rocky Mount, where he will meet the strikers and inform them of the results of his conference with the general superintendent of motive power.

Both Mr. Smith and General Manager W. N. Royall declared that they had no information of a general strike of the blacksmiths, machinists, boilermakers and other employes in sympathy with the car workers. Asked if they believed there was any probability of such, they declined to be quoted. However, Mr. Smith was of the opinion that the prospects for an early settlement of the car workers' walkout were favorable. Both looked for no further developments in the situation yesterday, and none, in fact, until Mr. Doughty could confer with the men at Rocky Mount and make known to them the results of his conference with Mr. Smith.

The trainmen of the A. C. L. system have issued a statement that they are in no way affiliated with the car workers and are not interested in the walkout, but the blacksmiths, boilermakers and machinists are federated with the car workers and it is said to be in the range of possibility that they will go out in sympathy.

Mr. Doughty came to Wilmington from Charleston in response to a voluntary message from the Coast Line officials, the company disproving the evident belief of the strikers that they would be denied a hearing, which was one of their chief complaints.

General Manager Royall stated yesterday that 225 men were out at Rocky Mount and 45 at Florence, S. C. Even with the 15 who walked out in the Wilmington shops yesterday, it would seem that the strike is of less serious proportions than was at first reported, provided that Mr. Royall's information is correct.

The following special telegram was received last night from Rocky Mount:

Rocky Mount, N. C., Sept. 18.—"Word from the headquarters of the Grand Lodge of Car Workers is expected here. The car workers are but waiting this order to make the walkout of Saturday a full-fledged strike, which can ask the support of the other unions.

"This is the unofficial statement of several car workers in close touch with the situation today. There are 320 men now out in this city. Wilmington men went out today and it was stated all other points. This would mean that over 1,000 men on the entire A. C. L. system have joined the walk-out. Statements made yesterday that the railroad would declare a lock-out have not been officially confirmed. General Superintendent Newell yesterday was unable to make any statement for publication at this time. Colored men have taken the places of whites in some of the work at the South Rocky Mount yards. What the effect of this will be is only to be conjectured but it is the attitude of the union leaders to prevent any violence in any way. The arrival of E. M. Doughty, of Charleston, the chairman of the general grievance committee, is expected tomorrow. He is now at Wilmington. The union men merely demand a hearing for Mr. Doughty,

Philadelphia, Sept. 18.—After Philadelphia won the first game of today's double-header from Chicago by 3 to 1, the teams played a tie contest of 12 innings, each scoring once. The games were pitching duels between Coombs and Walsh and Morgan and Scott. Each of the latter pair had ten strike-outs. The home team gave a wonderful exhibition in the field, while Lord, McInnes and Zeider hit the ball hard.

NEXT SATURDAY'S GAMES.

Sizzling Game Will Be Expected Between Two Champions.

The game here next Saturday afternoon between the Atlantic Coast Line champions and an all-star team from Rocky Mount promises to furnish some thrills that have not before been experienced by goers to the ball park this season. In the first place, the games will be played on the percentage basis, and each team will be in to carry off the lion's share of the ticket money.

From what has been heard from that Rocky Mount team, they have some sort of record similar to the A. C. L. locals, who have won 20 games out of 24 played. The Rocky Mount team has played a greater number of games during the season, but have kept up about the same winning percentage. Some professionals well known among the big leaguers will be seen in the visitors line-up, which with make it a tug of war for the locals if they want the big end of the prize money.

Rocky Mount is noted as the most enthusiastic ball town in the State to its size, and no doubt a large contingent of the fans from the upper Railroad city will come down with the team Saturday morning and will occupy the grandstand to cheer their boys to victory, and its up to the local fans to be there prepared to counteract anything in the rooting line they may hand out. And remember, this series of games will determine the championship for the whole of eastern North Carolina.

McFARLAND-WELLS BOUT.

National Sporting Club Makes Bid —Attell and Wolgast.

New York, Sept. 18.— Announcement credited to George McDonald today that he, as manager for Matt Wells would accept the offer of a purse of $30,000 made by the National Sporting Club of London for a bout between Packey McFarland and Wells, was pronounced as absurd tonight by Charles Matheson, the American representative of the National Sporting Club. Matheson said no offer of any kind had been made.

A meeting between Wells and either McFarland or Ad. Wolgast is looked for, however, if the Englishman wins the bout with Abe Attell here Wednesday night. Representatives of both Wolgast and McFarland are here to attend the fight and it is possible both fighters also will be on hand to issue their challenges personally.

New Post Commander.

Yesterday's Charleston News and Courier says: 'The Clyde Line steamer Apache, from New York to Jacksonville, arrived in port yesterday afternoon about 4 o'clock and sailed south before midnight. The Apache brought down a number of passengers. Among those who made Charleston their destination were Mr and Mrs. L. W. Horner, who were recently married in New York, and Col. C. A. Bennett, Who has been detiled to take command at Fort Caswell, Wilmington.'"

Waylaid and Robbed.

An unknown negro called at Dr. J. A. Smith's drug store on North Fourth street Saturday night to obtain some medicine for a badly lacerated jaw. He stated that as he was on his way home in the vicinity of Fifth and Campbell streets he was waylaid by two negroes, one of whom struck him on the jaw with a brick. While he was in a dazed condition the men went through his pockets, taking $12 in cash and also a new suit of clothes.

CAR WRECKED AT DELGADO.

E. M. F. Belonging to Dr. A. H. Harriss Crashed Into Tree.

A practically new E. M. F. touring car, owned by Dr. A. H. Harriss, and evidently being used without his consent or knowledge by a negro chauffeur who had as his companions another young negro and three negro women, was wrecked this morning about 1 o'clock, at the turn of the fill, nearly opposite the cotton mill office at Delgado, on the Wrightsville turnpike. A car was following pretty closely in the rear and came upon the wreck, but the driver and all other occupants of the car except two negro girls had left the scene precipitately and the two who remained did not stand long upon the order of their going. The car struck and bore to the ground an elm tree, perhaps 50 feet high, on the side of the road and then plunged headforemost down the embankment. The car is badly damaged, but the extent could not be learned this morning. Word was sent to Dr. Harriss, on Wrightsville Sound, soon after the accident, of the wreck of the car and no steps will be left untaken to punish the guilty parties. The police station was notified by telephone from Delgado of the wreck of the car and its unauthorized use, and they went out in the direction of Delgado to meet the joy riders upon their return on foot, if possible. None of the occupants of the car was injured so far as could be learned, though how they escaped is a marvel.

AUTO WENT INTO DITCH.

Mr. John N. Bennett and Family Have Narrow Escape—None Injured.

While returning to the city about 6:30 o'clock yesterday evening in his five-passenger Maxwell car, being accompanied by Mrs. Bennett, her sister and three children, the steering gear of the machine broke in some way and the car was precipitated into a ditch on the Wrightsville turnpike, near the Greenville road turn-out, about six miles from the city. Mr. Bennett was driving very carefully and although the car came very near turning over, the occupants escaped without a scratch and there was very little damage to the machine. Members of the party were brought to the city by Messrs J. O. Brock and L. H. Simmons and the car was towed in by Mr. L. B. Douglas, of the Wilmington Auto & Repair Co.

Alleged Negro Thugs Arrested.

Ed Smith and Ernest Faison, both colored, were arrested early yesterday morning by Constable Savage and will be tried before Justice Harriss today, Smith on a charge of assault and Faison with assault. James Weeks, colored, alleges that the men waylaid and beat him as he was on his way home on the Castle Haynes road Saturday afternoon and that Sunday Smith again assaulted him, this time with a board.

—Mr. A. T. Rountree, who was injured in an accident at the plant of the Waccamaw Lumber Co., at Bolton, about a week ago, was brought to the city by Dr. S. A. Smith, of Bolton, on a late train last night and taken to the James Walker Memorial Hospital. The camp did not afford the proper facilities for nursing the injured man and it was thought best to bring him to the city where he could be placed in a hospital, though his condition is not considered serious.

S.S.S. CURES OLD BLOOD DISEASES

Contagious Blood Poison is responsible for a great many old blood troubles, such as scrofulous affections, skin eruptions, catarrhal troubles, Rheumatism, ulcerating sores, etc. There is no such thing as ridding the system of these effects by killing the poisonous germs. Any medicine powerful enough to accomplish this would also destroy many of the delicate linings and tissues, and wreck the constitution. The only way to cure old blood troubles is to *REMOVE* the cause from the circulation, and for this purpose nothing is equal to *S. S. S.* It goes into the blood, and drives out every taint and poison, and makes this vital fluid pure, rich and nourishing. *S. S. S.* has long been known as the greatest of all blood purifiers and many thousands have rid themselves of old blood diseases by its use. It *ALWAYS* removes the impurity from the blood and cures these old disorders, whether inherited or acquired. Book on the blood and any medical advice free to all. *S. S. S.* is sold at drug stores.

OVER 1,200 NAMES.

Recall Petition Was Largely Signed, Say the Committee.

The recall movement committee met in the office of K. C. Sidbury, Esq., on Princess street, last night with Chairman Woodus Kellum presiding and several members of the committee and others interested in the removal of the city officials being in attendance. After carefully going over the several copies of the petition returned it was announced by Mr. Sidbury that over 1,200 names had been secured. Mr. Sidbury said the committee considers it has already more than enough names to secure the election on a recall of the Mayor and Councilmen and that it has a margin of about 300 names. The committee considers that if 200 or 300 names are taken off because the signers are not qualified electors, due to non-payment of poll tax or some other cause, it will still have enough to get the election. Asked when the petition is to be presented to the Council, Mr. Sidbury said that it had not been determined, though the matter was discussed at some length at the meeting. Another meeting of the committee will be held next Monday at which it will be decided when the petition is to be presented.

NEGRO BRUTE'S HORRIBLE DEED

Wife of White Farmer in Warren County Assaulted—Negro Defied Arrest and Wounded Victim's Father—Trial.

Charlotte,N. C., Sept. 17.—At the point of a gun, George Marshall, a negro, criminally assaulted Mrs. J. E. Chaplin, young wife of a white farmer, yesterday at Vicksboro, Warren county, fatally shot J. W. Abbott, father of the woman, and, barricading himself in a barn, defied arrest. Sheriff Davis and two members of his posse were wounded by the negro's shots and the posse withdrew to Warrenton for reinforcements. This morning, after the barn had been watched all night by neighbors, the posse returned and resumed the attack. The father of Marshall, with the assistance of four negroes, entered the rear of the house by a ruse, overpowered him and admitted the posse.

The negro was taken to Warrenton this afternoon and lodged in jail. A report from Warrenton tonight states that country people are gathering in numbers there, and that an effort will be made to lynch Marshall. Court convenes there tomorrow, and the authorities are trying to induce the angry citizens to let the law take its course, promising that the negro will be tried tomorrow. Marshall's victim was 22 years old. She was on her way to the spring when accosted by the negro.

Raleigh, N. C., Sept. 18.—A special to the News and Observer from Warrenton tonight states that all danger of lynching the negro Marshall, in jail there for assaulting a Mrs. Chaplin, is passed, if any ever existed, except that many of the better class of country negroes would undoubtedly string him up if he were given over to them.

Mrs. Chaplin, the victim of the negro Marshall, is ready to go before the grand jury that was empanelled at Warren Superior Court, which met with Judge Justice presiding, and his prompt indictment and trial (probably tomorrow) will follow.

There have been no farmers in Warrenton from the scene of the crime today or last night, as sensationally printed in some papers, and the negro has remained undisturbed, but securely guarded in jail with a certainty of being electrocuted within the shortest legal period, 30 days, after sentence.

Mr. Abbott, father of the victim, who was shot by the negro when he went after him, is not dead and may recover, as the shot used were bird shot.

The negro Baptist and Methodist congregations at Warrenton have adopted resolutions asking for speedy trial and prompt electrocution of Marshall and denouncing him and his crime in the strongest terms.

Howard F. Jones, editor of the local paper at Warrenton, tonight received a telegram from Atlantic City, N. J., signed Dr. H. L. Hawkins, in behalf of "Colored citizens of Atlantic City formerly of Warren county, and other places in North Carolina," condemning the crime in the strongest terms and expressing the hope that the perpetrator will be executed legally without further bloodshed, and also expressing gratification that the best negroes of Warren aided in capturing Marshall and are denouncing the crime.

Editor Jones, on whose plantation the crime was committed, responded appropriately.

Warrenton, N. C., Sept. 18.—Quiet prevailed here today following the reported determination of an attempt to lynch George Marshall, the negro who attacked Mrs. J. E. Chaplain, at Vicksboro, N. C., near here. The Warren county grand jury organized today and tomorrow probably will hear Mrs. Chaplin's story. It is certain that Marshall will be promptly indicted and speedily tried, the trial probably beginning tomorrow.

J. W. Abbott, Mrs. Chaplain's father who went to her rescue and was shot by the negro, was not killed as was reported. Today it was thought he would recover.

The negro Marshall was arraigned before Judge Justice, following his formal indictment by the grand jury and the court fixed tomorrow (Tuesday) at 2 o'clock as the time for trial. A special venire of 50 men was ordered.

The authorities deny the sensational reports of a near-lynching and say there was never any fear of lynching.

THOUGHT TO BE MURDERER.

Negro Who May Be Wanted at Wilson Arrested Here Yesterday.

Charged simply with vagrancy, a negro who says his name is John Best, but thought to be Will Scott, wanted in Wilson for the murder of another negro, was arrested near Fourth and Nixon streets early yesterday afternoon by Patrolman H. P. Merritt. The negro was lodged in the city prison to await advices from the authorities at Wilson, they having been notified last night by Chief of Police Fowler of the arrest. The negro answers the description of the one wanted there for murder. The description of Scott sent here by Chief of Police O. A. Glover gives the negro's age at 27 or 28 years, very black; weighs 175 pounds; and has a very long ugly scar on one side of his face put there by a knife or razor. The man arrested here answers this description. The negro says that he is from Warsaw, but has not lived there in some five or six years. He denies that he is the man wanted at Wilson.

Forced to Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. THE CITY COUNCIL.

Regular Weekly Meeting Will Be Held This Afternoon.

The regular weekly meeting of the City Council will be held this afternoon at 4 o'clock. While there may be a number of matters of importance to engage the attention of the Council, it is likely that the sewerage question will occupy no small portion of the time of the seance. It was thought two weeks ago that the sewerage question had been settled in the adoption of a resolution to purchase the existing plant at a price to be fixed by the arbitrators with the provision that the city could, after the price had been fixed, should it desire take advaneage of the offer of the bondholders of the sewerage company to build a complete system, adequate to the needs of the city, and the further provision that the bonds the company would issue to cover this improvement be not sold for less than par. The company declined to accede to the last stipulation of the city and negotiations were called off, temporarily at least. Just what action the Council will take this afternoon cannot be forecasted. It is believed that the body will arrive at something definite, for there is a crying need for extension of the sewerage plant and the people are asking that the question be settled in some way.

NO EVIDENCE TO MAKE ARREST.

Deputy Insurance Commissioner Investigated Lingo Factory Fire.

Deputy Insurance Commissioner F. M. Jordan arrived Sunday morning from Raleigh and spent the day here investigating the circumstances of the fire which destroyed the plant of the Lingo Box Company, just east of the city, early Saturday morning. The fire is supposed to have been of incendiary origin and Mr. Jordan is understood to have found some circumstances which pointed to the guilt of a former employe of the plant, but no tangible evidence could be secured against him. The former employe in question had been run away from the plant several times, it is said, and made threats as to what he would do. There was no evidence to show that he was at the plant any time during the night of the fire. Satisfied that he had not found and could not secure sufficient evidence to base an indictment Mr. Jordan returned to Raleigh Sunday night.

Drum Fishing at The Beach.

The Fall fishing at Wrightsville Beach is fast improving, especiallythe drum fishing, which is probably the most popular form of angling at this place. Some nice catches are being made off the Seashore Hotel pier almost every day and night now, and for the past four or five days the big fellows have been biting unusually good. One weighing over 20 pounds was landed the latter part of last week and others of almost that size have been caught, to say nothing of the little fellows, ranging from four to five pounds up to 12.

Injured Negro Brought Here.

Henry Cethas, colored, who was run over by a Coast Line train a mile and a half south of Burgaw Saturday night, was brought to this city yesterday and taken to the James Walker Memorial Hospital, where his injuries were of such a nature that Dr. D. W. Bullock, of the Relief Department of the Coast Line, was forced to amputate one arm. The negro was resting very comfortably last night. Cethas was sitting on the track and fell asleep, it was stated. The train ran over one arm and crushed it so badly that it was thought best to amputate it.

THE FATNESS OF HEALTH.

Samose Fills Out the Curves and Makes Thin People Fat.

If you are thin, your health is not what it should be. If you are losing weight steadily there is something wrong that should be attended to at once. You cannot be healthy and strong if you are thin.

Perfect health and good, solid beautiful flesh can only come through the use of Samose, the remarkable flesh-forming food.

This makes the thin and scrawny, plump and robust; it mixes with the food so that all of the elements that make solid bone, firm muscle and good flesh are thoroughly assimilated and retained in the system.

Samose is not a drug or a stimulant; it is a scientific flesh-forming food that restores thin people to a normal condition of good healthy flesh.

There are thousands of unhappy, nervous thin people who would look and feel entirely different if they were only fat and plump. Let them use Samose and they will soon notice remarkable results.

These statements are confirmed by J. Hicks Bunting Drug Co., offer to refund the money to anyone buying and using Samose who does not gain in weight as promised. The risk is all J. Hicks Bunting Drug Co's. The thin and scrawny can buy Samose at Druggists J. Hicks Bunting Drug Co's. store, with the knowledge that if it is not successful it will cost absolutely nothing.

CRAVEN'S FARM LIFE.

School is Located After All-Day Session of Trustees.

(Special Star Telegram.)

Newbern, N. C., Sept. 18.—This morning at 10 o'clock the Board of Trustees of the Craven County Farm Life School met at the office of Superintendent I. M. Brinson for the purpose of deciding upon a location for that institution. Every member of the board was present and from the general appearance of things at the starting of the meeting, it seemed like each member wanted the school located in a different township from that his neighbor had decided upon.

Although during the morning the board went over the advantages of the various sites offered by the different townships and discussed the merits of each, at noon they were no nearer a conclusion than when they first started. Later on in the afternoon the locations had been thinned out to two places. Thurman in No. 7 township, and Vanceboro, in No. 1 township. Balloting was then begun, but not until the 58th ballot had been cast was the location settled.

The people of No. 1 township have worked exceedingly hard to secure this school and they deserved to be rewarded. Their site is an excellent one and was highly complimented by the entire board.

"Judge" Bornemann's Concert.

Quite a number went to Wrightsville Beach Sunday afternoon and evening to hear the concert given by "Judge" Bornemann and members of his glee club. Although Miss De Grossart, who was on the programme to render several vocal selections, was indisposed and could not be present, the "judge" was not in the least daunted and with the aid of his male assistants furnished several songs and musical numbers, his own song, "When Your Heart Gets Sad Und Lonely", probably being received with the greatest measure of applause. Before the concert he distributed copies of this song, printed on a neat card, to the audience. The "judge" is much pleased over the hearty applause that was accorded him.

Rheumatism
Yields to
MILAM
Read The Proof:

Former U. S. Postmaster Recommends Milam.

Gentlemen.—My niece suffered for many years with a trouble pronounced by her physicians as Uric Acid Rheumatism, and although he treated her, she never obtained relief.

Being well acquainted with MILAM and knowing it had been used successfully very frequently in similar cases, I determined to put her on it. She took six bottles with the happiest results. I regard her as being entirely relieved, and will always take pleasure in recommending MILAM for Uric Acid troubles.

Yours truly, C. T. BARKSDALE

Spent $3,000 on Rheumatism.

Norfolk, Va., July 23, 1910.
About five weeks ago I was induced to take Milam for an aggravated case of Rheumatism, for which I had spent over $3,000 for all known remedies and tried many doctors, went to Hot Springs, but received no benefits whatever. For fifteen years I have been a sufferer, each spring I have been laid up and incapitated for work until this spring, which, I am glad to say, I have been attending to my business, feel fine, splendid appetite, and feel confident that I will be a cured man from rheumatism.

I wish to say that Milam has done all you claim it will do in my case, so far, and I look forward to a speedy recovery, and would not take five times the amount of the price of the medicine for what it has done for me so far.

Yours very truly, C. H. WADE.

Rheumatism Entirely Gone.

I was a great sufferer from Rheumatism and decided to try MILAM. I bought six bottles, and am now on my fourth bottle. I can truthfully say that I have never taken a medicine that has done me as much good. My Rheumatism is entirely gone, my complexion greatly improved and my appetite good—in fact, I have not felt so well in a long time. I would not take $50.00 for the good your medicine has done me, but in order to be sure that the trouble is entirely eradicated, I will take the two remaining bottles.

I voluntarily give this testimonial, and cheerfully recommend Milam to anyone suffering from Rheumatism.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

The public will frequently is expressed in the election of a man who manufactures public will to suit himself.

At the same time it's worth more to live now than when a fellow could wear his Sunday suit for ten years and still be in fashion.

Governor Stubbs, of Kansas, says the penitentiary of his State is "making profits." At the same time there is room in it for other prophets of the Kansas variety.

Maine doesn't seem to know whether she wanted to remain on the water wagon or take to a schooner. There seems to have been all kinds of time to jug-gle with the returns.

What has become of the old fashioned gentleman who is alleged to have always kept it on the sideboard where the boys and everybody in the family could help themselves to a slug of it?

The people don't rule every timethey elect the man they support for an office Many a mistake is made at the ballot-box, but South Carolinians shouldn't ever feel like making any more mistakes like they have been making.

Says the Charleston News and Courier: "To kiss a girl in the moonlight may be a crime, but isn't she quality of contributory negdigence?" The whole thing is a mere matter of moonshine. She would be acquitted on a plea of nolo contendere.

Upon leaving Beverly for his 13,000 mile trip across the continent, President Taft told those "commercial executives" that the country understood his position on the tariff. Of course, it does. That's exactly the reason it voted the Democratic ticket like Old Harry at the last election.

Says a contemporary: "A Los Angeles clerk who has been declared a bankrupt owes a million and a half dollars and hasn't got a cent with which to take a new start". Well, we shouldn't think anybody would want him to take a new start if he is going to keep on increasing his liabilities.

Wilmington Star: "As a matter of fact, there are some communities in which the 'I. R. & R.' might work to perfection, while in others it might prove a veritable Pandora's box from which might be turned loose a vast amount of evil." The Star probably has exactly the correct view regarding the initiative, referendum and recall. The system might work all right in some places, it might be unsatisfactory in others. There is little doubt that it would work well in most municipalities.—Petersburg Index-Appeal.

President Taft hates dreadfully to tread on any man's toes. He exoneratse Dr. Wiley and refrains from saddling much blame on anybody. It is plain that Dr. Wiley is the right man in the right place, and since the country needs and the people want him, all those who don't like it should resign before something happens to them. The atmosphere is clearing, with Dr. Wiley triumphantly riding the cloud with a whole lot of others under it. We are going to indulge in optimism when we see right beggining to prevail.

COTTON SEED SEPARATOR.

Time has been when the cotton planters sowed any kind of old seed with which to plant his next season's crop. No doubt, in many instances immature seed were planted and in others the seed had been damaged from heating. In any case, seed saved over for planting was broadcasted along the rows and whether they were good seed or bad ones, the sowing included faulty and immature seed totally unsuited to reproduce the species in a healty and vigorous state. There is no wonder that under such circumstances the cotton plant degenerated and the yield per acre was constantly diminished.

The report of the Agricultural Department a few years ago showed that the production on all kinds of land, rich and poor, averaged only one-third of a bale per acre. In fact, thousands of acres of land in the South produced only one-fourth of a bale per acre. There were two couses for this—planting degenerated seed, and exhaustion of the land by cultivation season after season in cotton till all the humus in the soil was destroyed. The natural potash in the land was farmed out and leached out because of improper drainage or none at all. The fact is, we farmed our lands to death, without taking a thought of soil restoration. We "rode a free horse to death," and the farmers got poor because the yield was insufficient to pay them for their work and meet the cost of production.

We are bringing about a revolution in our system of farming now. Just at present the farmers of the South are endeavoring to meet several problems—one is to "doctor" their lands and restore their fertility; another is to properly drain the lowlands and terrace the rolling lands of the hill country; still another is the all important one of seed selection, and last, but not least, proper cultivation. In the matter of soil restoration is included scientific fertilization, or restoring to the soil the elements of which it has been ruthlessly robbed, feeding to each plant the food its nature requires, diversification of crops, and the adoption of the latest method for making land better every year instead of impoverishing it with our old time vandalism. In all these respects, the South is making progress, but an immense amount of work has yet to be done. We are really just beginning, and so when we report yields of one and two bales of cotton per acre, that doesn't mean what we are doing on an average, but that it demonstrates what every man can do by the proper kind of farming.

We are now gathering the cotton crop of 1911, and it will be instructing to observe whether, in spite of the drought, we have increased our yield of cotton per acre on the general average. It must be assumed, to start with, that it is not every farmer who has adopted modern methods. Many have done so and set the example for others, but let us see whether there has been sufficient modern farming to affect the general rsult as to production per acrce. Every farmer ought to try to beat his own record every year, so when we put in our next year's crop let us see that our lands are properly prepared and in good condition for the best results, and then follow up the methods that have demonstrated that it pays to farm right.

Right now is the time to talk about the improvement of our cotton seed. The cotton growing industry has had such great benefactors as Mr. Simpkins, of Wake and New Hanover counties, who have introduced improved cotton seed with the result that there has been a great improvement in the cotton stock and a consequent improvement in the yield and staple. However, there are millions of acres of cotton lands which are improperly seeded, so there must be a movement all along the line throughout the South, not only to quit farming the "hash" out of our lands, but to improve our seeds so we can improve the quality of lint as well as increase the yield in order to make work count for more. No farmer ought to plant any and all kinds of seed, and if they can't get Mr. Simpkins' seed or some other improved variety, the farmers should try seed selection on their own account. Of course, it requires pains and intelligence, and if the work is not kept up year after year degeneration will again take place in the cotton plant. Even with selected seed, it is hard to eliminate the immature seed, but it seems that North Carolina has come forward with an invention that promises not only to help the farmers get the best seed out of their lot, but which to some extent should aid the cotton seed crushers to get the best results out of the seed from which oil is manufactured. That invention is a cotton seed separator which is to be manufactured at Shelby, N. C., and concerning it the Charlotte Observer, of September 17th, contains this account in a special from Shelby:

"The Shelby Cotton Seed Separator Company is the style of firm that owns and manufactures the Shelby cotton seed separator, which this company is just beginning to manufacture here and is arranging to make 10,000 machines for next year's demand. This is the first time that a cotton seed separator has ever been perfected and will be offered to the cotton planter. For many years the cotton planter has tried in various ways to improve the quality and the quantity of his cotton by buying improved seed from various parties, but after few years' planting the improved seed the quality and quantity of his cotton would be on a par with the seed he had been using, unless he hand picked, or assorted his seed by hand, and to do this it was an endless job, so the cotton planter was forced to plant the mixed seed, unless he did assort a few gallons to plant a very small piece of ground. To remedy this has been the desire of every progressive cotton planter and in the Shelby cotton seed separator he has just what is needed, as it does the work perfectly, removing all the black and small, defective seed, these seed being the kind that gives the trouble. From the small defective seed the cotton growers say that they have the blighted stalks—the stalks that have no bolls, or small imperfect bolls—and in the small, defective seed he also has origin of insects. In the little black seed, with no lint, is another trouble for the cotton farmer, as these are the first to come up, giving an uneven stand, the large, healthy seed with lint do not sprout as rapidly as the seed with no lint and on account of this has to plant 50 per cent. more seed than he would had he the assorted or separated seed, and these black and small seed can be sold to the oil mills, where he has separator, saving this enormous waste or loss. Several farmers near here were fortunate last Spring in having their seed separated by the first machine built and as an experiment each are highly pleased with results of fine stand of large, healthy cotton—no blighted stalks or insects and a saving in seed of 50 per cent. These machines are operated by hand or power and will separate 50 bushels of seed a day. The owners have just received a patent for the separator and are arranging to place a large force of salesmen on the road selling, and feel confident of enormous sales, which means a large payroll for Shelby."

The machine is also illustrated in the Observer, and it appears to be a very simple and economical device. If it will do what is claimed for it, we can well conceive its immense importance to the cotton growers of the South.

RESTRAINT OF COTTON TRADE.

A Northern paper insists that the cotton conference or congress is a combination in restraint of trade and is liable to prosecution by the government under the Sherman act.

Such a contention is absurd. It is a combination whose stock in trade consists only of good advice. It's action at Montgomery was only recommendatory and the recommendation is that cotton growers hold their cotton for the price of 15 cents per pound. It is simply aiding and abetting the farmers in getting a fair price for their cotton.

If the farmers take the advice and store their cotton or hold it for 15 cents, they might restrain the trade of the bear combination which has a regularly financed scheme to keep down the prace of cotton, but even that result of the farmers' action would not be any illegal combination to restrain trade. In fact, each individual grower is free to act for himself, and will do so upon his own judgement.

How absurd and nonsensical it is to consider for a minute that a convention of growers and their friends could constitute in the eyes of the law a combination in restraint of trade! The conference or congress is not a corporation, and it has no capital subscribed to either corner the cotton crop or either to induce the farmers to accept its recommendation. Even if the farmers accept the free advice given by the congress, it could not be held as a violation of the law though it is could be proven that each farmer in the South acted upon the recommendation of the conference.

It might be different with the cotton conference or congress, if it raised capital to carry out its plans, or financed itself to actually corner cotton and hold it to squeeze up the price, but it would actually have to do business, own its own warehouses and so transact its business that it could be proven that it forced up the price of cotton actually in its own possession. Even then, if cotton sold at 15 cents it would be difficult to prove that the combination was the cause of it. A short crop, the law of supply and demand, the cotton bulls, and other factors in establishing a market price for cotton would have to be eliminated before even a case could be made out against any combination to put up prices. It would have to be proven that it actually did restrain thade by putting up the price and the cotton sold at such a price would have to be property of the combination or proof furnished that the combination profited as a combination by the sale of all cotton by reason of its plan, its scheme, or its conspiracy, as the case may be.

If the cotton conference is guilty of restraining trade by giving advice, all newspapers which give advice along the same line would be guilty. Think of the nonsense of proving that cotton sold for 15 cents upon the advice of a newspaper combination, which could not profit directly by its advice. Talk about prosecuting the cotton conference for giving out advice is the veriest buncombe. It is cheap bouncombe at that.

CURRENT COMMENT.

If ever anybody deserved to go to the electric chair, it looks as if there is, or was somebody up around Hendersonville that should be headed that way quickly. We hope the result of the investigation today will be to place somebody behind the bars. It seems impossible that a crime of that kind should be committed in a country community and the perpetrators not be found.—Raleigh Times.

The Wilmington Star asks: "What has become of the old-fashioned gentleman who put woman on a pedestal and stood by with his hat in his hand?" And echo answers, Where? But then there were no suffragists in the good, old-fashioned days.—Salisbury Post.

Raleigh has the best of electrical facilities: It has 15,000 horsepower, half of it water generated, now in use, and 42,000 horse-power more to be ready for use by December 31, 1911. These are figures that should be kept before prospective manufacturers, both large and small.—Raleigh Times.

The Wilmington Star asks: "What has become of the old-fashioned gentleman who put woman on a pedestal and stood by with his hat in his hand?" The new woman came along, called him an old fool, and it hurt his feelings. He is waiting to stand by again when the farce is ended.—Greensboro News.

"We have no doubt Mr. Barrett would not state anything he believed to be untrue," comments the Wall Street Journal upon the proposed cotton borrowing plan, "but we have no hesitation in saying that no possible combination of cotton growers could find a Franco-English or any other syndicate to finance such a venture. In holding back their cotton for higher prices, singly or in combination, on borrowed money, the cotton growers of the South are simply speculating on margin and nothing else. No financial syndicate is going to advance money to assist such a risky gamble for a mere interest rate, or even for a share in the profits." This is exactly how the matter impresses us, so far as the foreign syndicate is concerned. If it is willing to take the risk for nothing, all well and good; but we more than doubt whether such a group of financiers can be found. Probably President Barrett confused facts with hopes.—Charlotte Observer.

ALARMED OVER RECIPROCITY.

Editorial From Local Publication Stirs Canada.

Judging from a telegram and a letter received by Mayor Jos. D. Smith and a telegram received by the Star, an editorial appearing in the Southern Lumber Journal, of this city, recently, advocating the annexation of Canada, has caused some considerable excitement in the Dominion, at least in one section, from which the telegrams and letter came

Mayor Smith received a telegram and a letter yesterday asking for information in regard to the name of the editor of the Wilmington Journal and its circulation. The letter and telegram were from Mr. William T. Gregory, of Lemington, Ont., and the letter contained a clipping from the London Free Press, of London, Ontario, Canada. The article was of the yellowest yellow and quoted from the the headlines over the story that the "United States Newspaper Advises immediate Demand on Annexation of Canada; says President Taft and Advocates Have Made It Plain That Measure Means Absorption of This Country. Only Question of Time Until Stars and Stripes Float Triumphantly at Ottawa."

In reply to the letter and telegram Mayor Smith stated that there is no daily paper here called the Journal, but suggested that the Southern Lumber or the Truckers' Journal may have been meant.

Yesterday afternoon the Star received the following telegram From the London, Ont., Advertiser. "Is the Southern Lumber Journal of Wilmington an advocate of reciprocity. Answer paid and will greatly oblige."

Positively Believes Would Have Died

Fortunate Experience of Lady Who Obtained Relief From Serious Troubles By Taking a Woman's Tonic.

Wildomar, Cal. Sept. 19.—Says Mrs. F. S. Mills, of this place: "I had a mishap, which was followed by inflamation, and I suffered with intense pain for more than a week.

I postively believe I would have died had it not been for Cardui, the woman's tonic.

I don't think any one can recommend a medicine more highly than I can Cardui. I never saw a remedy which sterengthens one so rapidly.

When I began to take Cardui, I could not stand on my feet. After taking two bottles, I was cured, and now I weigh 165 pounds. I am glad to recommend a medicine with so much merit."

If womanly troubles have worn you out, made you feel weak, sick and miserable, and able to see only the dark side of things, brighten up, by getting back your health.

Take Cardui, the woman's tonic.

This well-known woman's medicine has brought health and happiness to many thousands of weak and ailing women. Why not to you?

Get a bottle today, at the drug store.

NOTE.—The Cardui Home Treatment for Women, consists of Cardui ($1). Thedford's Black-Draught (25c), or Velvo (50c.) for the liver, and Cardui Antiseptic (50c). These remedies may be taken singly, by themselves, if desired, or three together, as a complete treatment for women's ills. Write to: Ladies' Advisory Dept. OLD-TIME REMEDY DARKENS THE HAIR

Gives Color, Lustre to Faded and Gray Hair—Dandruff Quickly Removed.

From time immemorial, sage and sulphur have been used for the hair and scalp. Almost everyone knows of the value of such a combination for darkening the hair, for curing dandruff and falling hair, and for making the hair grow.

In olden times the only way to get a hair tonic of this sort was to brew it in the home fireplace, a method which was troublesome and not always satisfactory. Nowadays almost every up-to-date druggist can supply his patrons with a ready-to-use product, skilfully compounded in perfectly equipped laboratories. The Wyeth Chemical Company, of New York, put up an ideal remedy of this sort, called Wyeth's Sage and Sulphur Hair Remedy, and authorize druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

If you have dandruff, or if your hair is turning gray or coming out, don't delay, but get a bottle of this remedy today and see what a few days' treatment will do for you.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

VISIT TO CHILDHOOD SCENES

Mr. Alfred V. Wood Interested in Health and Sanitary Campaign in This City—Confers With Dr. Nesbitt.

On his way to Raleigh to accompany his daughter, Miss Clara Wood, who will enter St. Mary's College, Mr. Alfred V. Wood, a native of this county but for the past 34 years a prominent citizen of Brunswick, Ga., spent Sunday and yesterday in Wilmington, leaving in the evening for the Capital City. Mr. Wood is a brother of the late and lamented Dr. Wood and is an uncle of Dr. Edward Jenner Wood, one of the leading physicians in this city now. He was most cordially greeted by many of his friends, who regret that he could not remain longer in the city.

Although he has not lived here since a young man, Mr. Wood still holds a very warm place in his heart for Wilmington, which, in many respects, he points to as a shining example for other cities to pattern after, and is constantly telling the people of his adopted home of the progress being made in Wilmington and how it is accomplished. He is a member of the Board of Health of Brunswick, which position he has held for 25 years, and is naturally very much interested in everything which pertains to health and sanitary conditions. He was much interested to read in the papers and in correspondence with friends of the campaign being waged by Dr. Chas. T. Nesbitt, city superintendent of health. He called upon Dr. Nesbitt yesterday morning and learned from him a number of points which he said would be of value to him in his work at Brunswick.

Dr. Wood is vastly interested in mosquito extermination and he was glad to note that Wilmington has done some splendid work in this direction the past Summer. The work is to carry on the year round at Brunswick and as a result there are no mosquito to carry disease or annoy the people. This work is done at a nominal cost. Oil is used to cover the surface of the pools of water in which the mosquito breeds. The oil is the same kind that has been given a trial in Wilmington and found to be satisfactory so far as results are concerned. Mr. Wood said that the oil used in Brunswick last year cost less than $100 and the cost of inspection did not amount to as much as $500. This year the cost of the oil will be considerably less than last year. Two inspectors have been used a portion of the time this year. The regular mosquito inspector is also the fumigation officer. The effect of the campaign against the pest is shown in the statement that not in two years has the town had a case of malarial fever which was contracted there. Prior to the campaign there were hundreds of cases of malarial fever in the town. To stamp out the disease is what the health authorities set about to do when they undertook to get rid of the mosquito. "We have accomplished our purpose," said Mr. Wood.

"Now we are after the fly," said Dr. Wood," and it was to get information on this point that I called upon Dr. Nesbitt this morning. We have had some typhoid this year—just like nearly every other place in the belt affected by the drought—and I think probably the fly is largely responsible. We shall undertake a war on the pest and we hope to be successful as in our campaign against the mosquito."

Mr. Wood said that in some of the health and sanitary measures adopted for his thriving little city of 11,000 people there was decided opposition and but very little encouragement from any one. The officials believed themself right and continued regardless of criticism with the result that conditions have been wonderfully improved.

Mr. Wood is also interested in the commission form of government plan and says that the eyes of his town are upon Wilmington to see whether or not the plan succeeds here. If it does, there is a probability that it will be adopted for the Georgia town.

Mr. Wood is prominently connected with a large naval stores company at Brunswick and is one of that town's most progressive citizens.

While in Raleigh Mr. Wood will call to see Dr. W. S. Rankin, secretary of the State Board of Health.

HEROISM COST LIFE.

Atlanta Man Who Died Following Rescue at Beach.

A recent issue of a magazine, devoted to the stone cutting trade, has the following of local interest:

"Z. D. Harrison, Jr., proprietor of the Consumers' Monument Company of Ball Ground, Ga., died on August 14 as the direct result of his own heroism. Mr. Harrison, with his wife and two children, was spending his vacation at Wrightsville Beach, near Wilmington, N. C. A lady guest was drowning and Mr. Harrison plunged in and rescued her with great difficulty. Pneumonia developed and Mr. Harrison died on the train on his way home. Mr. Harrison was about 40 years old and was the son of James P. Harrison, who was killed several years ago by the collapse of a railroad trestle at the Amicalola quarries. He was the nephew of Z. D. Harrison, of Atlanta, president of the Amicalola Marble Company, and for many years clerk of the Supreme Court of Georgia."

SALE OF "FERNSIDE" LOTS

New Suburb by D. R. Foster & Co. Proved Quite Attractive to Investors—Sensational Selling Entire Day.

The opening yesterday morning of the sale of Fernside lots, the new and promising suburban development being promoted by Messrs. D. R. Foster & Co., proved to be one of the most sensational land sales conducted in Wilmington in some time.

Mr. Foster, head of the firm, stated last night that purchasers came from far and near, and that 39 of the lots were sold before night. Telegrams came from Raleigh and Atkinson, N. C., asking for reservations in the plat of the property, and these were given. The sensationally low prices at which the lots were offered appealed strongly to investors, especially those of small capital, and they went in a hurry. Among the purchasers were Messrs. M. L. Starkey, who took two; W. M. Cumming, who bought five, and is a judge of real estate if there is a judge in Wilmington; William Tiencken, who took a couple of the number, and Mr. C. L. Miller, who purchased six in a block. Then there were many individual purchasers, and a big crowd of prospective buyers, Mr. Foster says, who will make their purchases today and tomorrow. The sale is limited to one week, but Mr. Foster has no idea that any of the lots will be left by Saturday night. The best of them have by no means been picked and he advises those who expect to get advantage of this sensational sale to apply quick for their choice. Free auto mobile service is given to the grounds upon application to the office on Princess street, and Mr. Foster or any of his associates in the enterprise would be glad to talk over the proposition of Fernside lots with anyone interested.

A large force of men will be put to work at once, grading and otherwise improving the property and as an investment Mr. Foster is confident that it is a safe and most desirable proposition.

ASSAULTED ON TRAIN.

Whiskey Bottle Broken Over the Head of K. M. Tew.

A white man who gave his name as K. M. Tew, of Roseboro, was arrested at Front and Red Cross streets shortly after 8 o'clock Sunday night on a charge of being drunk and down. The patrol was called and conveyed the unfortunate man to police headquarters, where it was discovered that he had been struck in the head and badly wounded. He was taken to the James Walker Memorial Hospital, where his wound was dressed, after which he was brought back to police station to spend the night.

Later in the night the police learned from Deputy Sheriff Melvin Horne how and where Tew received the wound. Mr. Horne came in on the A. & Y. train which arrives at 8:05 o'clock, having gotten aboard at a point in Bladen county. The young man Tew and another young man by the name of Croom were also passengers and were making merry with a party of friends in the rear of the coach, near the smoking compartment. When the train stopped at Currie Mr. Horne heard some loud talking and something was said by Croom to the effect that Tew had stolen his whiskey, whereupon Tew applied the lie, getting in return a terrific blow over the head made by a pint bottle nearly full of whiskey. The bottle was broken into innumerable pieces. Although apprised of what had taken place the conductor is said not to have made any effort to arrest or detain the man who dealt the blow. Reminded by Deputy Horne that the man was getting off the train the conductor is said to have replied, "Let him go." He went all right. The wounded man was not given any attention whatever, it is said, and he was left in the coach at the union station after the arrival here of the train. After all had gone from the coach Tew managed to get out and started up Front street but could get no further than Red Cross. Both Croom and Tew are reported to have been drinking at the time of the trouble. There were several ladies in the car at the time.

Two Fires Yesterday.

For the first time since August 25th, nearly a month, the fire department was called out yesterday morning at 11:10 by an alarm from box 411 on account of a blaze at No. 208 Meares street, house owned by Mr. John Russ and occupied by Mr. J. W. Skipper. The blaze was caused by fire in an ash barrel near a corner of the house. The damage was only $10. A second alarm was turned in at 4:05 P. M. from box 47, calling the firemen to No. 804 South Third street, house owned by Mary Jones, colored, and occupied by Jane Edwards, colored. It was caused by a spark from a chimney and the damage is estimated at $10.

Begins 39th Session.

The 39th session of Cape Fear Academy, of which Prof. Washington Catlett is principal, began yesterday morning with a large enrollment. Others will enter during the week. Prof. Catlett says that the indications are that this will be one of the most successful school years in the history of the institution. He has been principal for 30 years and many are the boys and young men who were prepared for college by him. The school is located at No. 117 Orange street.

SETTLED LIFE INSURANCE

Mr. J. A. Rowe Satisfied With Refund Of Amount of Premiums Paid on $30,000 Insurance On Walker's Life.

Coupled with the report that the life insurance companies had made a settlement with Mr. J. A. Rowe, of Burgaw, for any claim he might have on policies held on the life of Mr. M. A. Walker, his brother-in-law, who is supposed to have committed suicide a few weeks ago by shooting himself midway the trestle across Banks channel, Wrightsville Beach, falling into the swiftly moving stream below, his body probably being swept out to sea never to be recovered, a rumor gained wide circulation in this city and section Sunday and yesterday that Walker had been located in Jacksonville, Fla., where he was living quietly and happily with an uncle.

There were other reports that he was found in Texas, Georgia and Mexico. The report was first brought here from Burgaw, but it is not given much credence in Wilmington. It is understood to be a fact, however, that a settlement has been made with Mr. Rowe by the insurance companies. Walker had $30,000 life insurance which had been assigned to Mr Rowe, his brother-in-law, having $10,000 each in the Life Insurance Company of Virginia, Mutual Life of New York and the North State Mutual, of Kinston. In addition to this he had $3,000 with the Woodmen of the World, his mother being named as the beneficiary in this policy. Mr. Rowe did not make application to the insurance companies for payment of the amount of the policies and he stated to a representative of one of the companies that he would not make application until the body of Walker was found. The agent in question said that Mr. Rowe acted exceedingly square about the whole transaction. The settlement was effected last week, the companies refunding to Mr. Rowe the amount which had been paid in premiums on the policies, amounting in the aggregate to about $600 or $700. Representatives of the three companies were in Burgaw Saturday to adjust the insurance. The presence in the little town of the three visitors is supposed to have given rise to the report that Walker had been found alive, for several persons who arrived here Sunday from Burgaw said that they had been told by people of the village that threee detectives were in the town Saturday and one of the trio had stated that he had been with and even ate and slept with Walker in Jacksonville, Fla., for two or three days. While it is understood that a representative of the insurance companies made an investigation of the circumstances attendant upon the reported suicide of Walker, the companies, two of them at least, have given out tarough their local agencies that there is no truth in the rumor that the young man had been found so far as they know.

Walker is supposed to have taken his own life midway the trestle across Banks Channel by shooting himself and then falling over into the stream, the water in which was moving rapidly toward the ocean. Both Mr. Rowe and Mr. L. Turner, a friend, were on the trestle, only a few feet away, but neither saw the young man shoot himself, but did hear the report of the revolver. Mr. Rowe at the time was reading a note which had just been handed him by Walker, who was then seated on the boardwalk on one side of the trestle with his face buried in his hands. Turner was about ten feet away and was looking in an opposite direction. The shot was also heard by persons at the pumping station and when they went out on the trestle they found Turner lying down on the board walk looking intensely at the water, remarking that he was trying to find the body of his friend Walker, who had killed himself. Mr. Rowe said that he saw Walker as he tumbled over into the water and later saw his hat floating upon the stream. He was powerless to render any aid. Mr. Rowe walked the trestele across the sound, about a mile in length, to Wrightsville Sound, where he telephoned to the city for an automobile. Sergeant Howell, of the police force, went to the Sound in this automobile and accompanied Mr. Rowe to the city, the latter leaving on the early train for Burgaw to acquaint his relatives of the sad tragedy.

The note to Mr. Rowe from Walker read: "My troubles are more than I can bear. I have deceived you and not only you, the innocent little girl. Oh God! Hell will take me up. I cannot stand it any longer. I will end my life as it is no pleasure to me. Tell my darling girl she was too nice to me. I am not worthy of her. Goodbye, your brother," etc. It was this that Mr. Rowe says he was reading at the time he was startled by the report of the revolver which sent another soul into eternity.

After notifying relatives of the tragedy Mr. Rowe returned to Wilmington in a few days and went to the Sound to aid the searching party for the body of the young man which, it was hoped, would be washed ashore. Mr. Rowe offered a reward of $500 for the recovery of the body and as it was not found during the week following, all hope of ever getting it was abandoned.

Preparing For Gym Work.

With the work of renovating the gymnasium of the Y. M. C. A. completed Physical Director B. A. Thees is arranging the final details for the Fall workfi which begin on October 2nd. Much interest is already being manifested and it is expected that the classes will be more largely attended this year than ever before. Several innovations will be introduced this season, one of them being the new gymnasium dance which is proving quite popular in the larger cities. It is said to be a splendid exercise, bringing every muscle of the body into play. It will be danced to the time of piano music.

CRAZY NEGRO WITH SHOT GUN

From Sidewalk Fred Bennett Levelled Weapon at Mrs. Addie Elvington on Her Piazza— Beaten and Arrested.

Walking along the sidewalk in front of the resedinece of Mrs. Addie Elvington, No. 219 South Front street, yesterday at noon, with a shot gun carelessly thrown over his shoulder, apparently a peacable and law-abiding citizen, Fred Bennett, colored, known to be of unsound mind, suddenly halted, took the weapon from its position and leveled it at Mrs. Elvington who was standing on her piazza looking in another direction. Just as the negro shouted that he was going to shoot a neighbor saw Mrs. Elvington's imminent danger and in giving an alarm she frightened him so that he could or did not pull the trigger.

News of the assault soon reached Mr. D. H. Elvington, a clerk in the store of Mr. John H. Hardin, about a block away, and going up the street rapidly as he could he came upon the negro who had come near taking the life of his mother. Mr. Elvington proceeded to give the negro a good beating, so it is said, and Patrolman A. D. Smith who came upon the scene a few minutes later placed both Mr. Elvington and the negro under arrest.

Mr. Elvington was recognized for his appearance at trial in the Recorder's court this morning. Bennett was lodged in a cell and the chief of police will recommend to the Recorder that he be sent over to the Clerk of Superior Court to be examined for his sanity. Not many weeks ago Bennett was taken into custody on account of the condition of his mind. He was locked up for several days but regained his freedom. Bennett has recently been employed in the city. He seems to be worse now than at any time since his mind became affected and Chief Fowler feels that he should be taken to an asylum for confinement.

THE RECORDER'S COURT.

Many Drunks in County Tribunal Yesterday—Other Cases.

The mourners' bench in the Recorder's court yesterday was a perfect illustration of "the morning after the night before," lined as it was with a large number of assorted drunks, some casting apprehensive eyes of penitence upon the court and others keeping their optics fixed sullenly on their feet. There were some other cases also, but for the most part the offenders came to grief for taking unto, yea, even into, themselves, too much of that which cheers and inebriates.

Joe Stewart, colored, was charged with disorderly conduct. A sentence of three months on the county roads was imposed.

Henderson Hayes, colored, just back from an enforced vacation on the county farm last Wednesday, again occupied his own reserved corner of the bench and greeted the officials with a familiar smile. Drunk and disorderly was the charge and 30 days on the roads was his lot. If statistics were compiled covering his case it would likely be shown that Henderson spends more than half of his time aiding the county, either on the farm or the roads.

Arthur Luensin, white, charged with being drunk and disorderly, was assessed $5 and costs. Frank Onslow, colored, faced a similar charge and received a similar sentence, as did James Hall, colored.

Dock Jones, C. Williams, Sandy Allen and Joe Donaldson, all colored, were charged with gambling. Williams was found to be not guilty and was put on the stand as a witness against the other negroes. Allen received a sentence of 60 days on the roads and Jones and Donaldson were taxed $10 and costs each.

Willie Tilley, colored, was taxed $10 and costs for being drunk and disorderly, and Henry Hines, colored, for a similar offense, received sentence of $5 and costs. Stonie Brock and Jno. Williams, white, charged with an affray, were let off on payment of costs. Mattie Hart, white, who was tried Saturday on a charge of vagrancy and upon whom his honor reserved judgment until yesterday, was declared not guilty. Several plain drunks completed the docket.

GOOD ATTENDANCE FOR SERVICE

Many Hear Noted Evangelist Song Leader at Grace Church.

Evangelistic services at Grace Methodist Church, which started Sunday night, featured by the presence of Mr. Oliver Arnold, Jr., of Scranton, Pa., leading the chorus and congregational singing, as well as contributing a number of solos, are drawing large crowds. Many attended the opening service Sunday night and an unusual attendance was in evidence last night. Mr. Arnold possesses a voice of rare sweetness and charm and his gospel singing is adding much to the services. He has been engaged in evangelistic work for 12 years and is well known throughout the country. Another attractive feature of the services is the singing of a choir of between 30 and 40 girls and boys, under the direction of Mr. Arnold. The services will continue throughout this week and possibly all of next week. A cordial invitation is extended the public to attend.

MR. HAWKS' LECTURE.

Drawing Large Crowds to St. Andrew's Presbyterian Church.

Mr. A. W. Hawks, the well-known Baltimore philohopher and humorist, who is giving a series of Bible talks at St. Andrew's Presbyterian Church, is being heard by large numbers each night. An unusually large attendance marked the first address at the church Sunday night and again last night a large crowd listened with rapt attention to the quaint humor and philosophy of the famous lecturer. Mr. Hawks is an intensely interesting speaker and flavors his remarks with humor and pathos. Sunday night he spoke on "The Bible and the Gideons" and last night on "Happiness". These are not his regular lectures but merely "talks". Tonight week at at the new Memorial Hall he will deliver one of his famous "Sunshine" lectures, and it is expected that this will draw an even larger attendance than has marked the first two nights. Mr. Hawks' father was on "Stonewall" Jackson's staff during the civil war and he is wearing the Cross of Honor which his father won. While in the city Mr. Hawks is the guest of his personal friend, Rev. Dr. A. D. McClure. His visit to Wilmington affords the citizens a real treat in the way of an oportunity to hear his entertaining talks which will continue each night this week, with tne regular lecture tonight week.

NEW REAL ESTATE FIRM.

Articles of Incorporation for Manhattan Filed Yesterday.

Articles of incorporation were filed with the clerk of the Superior Court yesterday granting permission for the Manhattan Company to conduct a general real estate business in this and other cities. The incorporators are D. R. Foster, B. F. King, Jr., and Samuel Seigler, Jr., and the authorized capital stock is $100,000, although permission is granted to the company to begin business when $10,000 shall have been subscribed and paid in. The company has already purchased several suburban properties and it is presumed that it will begin the development of these and others at once. Messrs. Foster, King and Seigler are all young men of much business ability and they will no doubt make a fine success of the new venture.

Not a Word of Scandal

marred the call of a neighbor on Mrs. W. P. Spangh, of Manville, Wyo., who said: "She told me Dr. King's New Life Pills had cured her of obstinate kidney trouble, and made her feel like a new woman." Easy, but sure remedy for stomach, liver and kidney troubles. Only 25 cents at R. R. Bellamy's.

Friends in this city and elsewhere will be interested in the announcement of the marriage of Miss Cora B. Pridgen, of this city, and Mr. J. T. Carraway, of Columbia, S. C., which occurred at Charleston, S. C., last Wednesday, the ceremony taking place at the home of the bride's sister, Mrs. J. G. Gayle and was performed by Rev. Dr. Sprunt, who is well known in this city. The bride is a daughter of Mrs. F. A. Pridgen, of Wilmington.

Supply, N. C., Sept. 18.—At the home of the bride's parents, Mr. and Mrs. J. L. Lancaster, of this place, yesterday morning at 10 o'clock, a quiet but very pretty marriage ceremony united in wedlock Mr. Walter Leonard, a prominent merchant and business man, and Miss Addie Lancaster, an attractive young woman of Supply. Rev. J. M. Marlow officiated at the wedding and a number of friends witnessed the ceremony. Mr. Leonard, besides being a prominent merchant, is also a school teacher of ability and Miss Lancaster is much loved and admired here, being 18 years the junior of the groom. The wedding culminates a pretty little romance. Miss Lancaster has been a student of the school taught by Mr. Leonard the past two seasons. It was in the school room that something more than real friendship developed and the marriage yesterday is the result.

Point Caswell, N. C., Sept. 16.—One of the most enjoyable occasions at this place in some time was the ice cream entertainment given by the ladies to raise money to purchase a bell for the new school building at this place. The entertainment was held in the large hall owned by Capt. W. D. Blizzard, who kindly donated the use of the hall. Mr. E. W. Godwin was made treasurer. The cake was donated by the ladies of the village and this with the cream was served by the pretty young girls. Miss Mildred Ward had charge of the ring cake and very successfully roped the boys in until she had hold 38 slices. Mr. Roy Walker was the lucky number, but unfortunately in his exuberance lost the diamond. One of the most unique and amusing features was a cake walk in which nearly all participated. Mr. Luke Glisson and Mr. D. J. Black were voted the winners and consequently took the prize cake. It was a great evening and the net proceeds were $16.32.

YOUNG COUPLE CELEBRATE THEIR PAPER WEDDING.

Mr. and Mrs. H. M. Hussey entertained a number of their friends last night at their hospitable home, No. 6 Church street, in honor of their second or paper wedding anniversary. There were about 20 couples present and all joined in the wish that the happy couple would have many more such happy occasions. Mrs. J. M. Morou, of Baltimore, mother of Mrs. Hussey, was among those present. During the evening delightful musical selections were rendered by some of the young ladies present and dainty refreshments were served. The house was very prettyily decorated for the event. All those so fortunate as to be present had a most enjoyable time.

Members of the Daughter's of Confederacy of this city and many others will read with interest the following from the Pittsboro correspondence of the Greensboro Daily News: "The Winnie Davis Chapter, Daughters of the Confederacy, of this place have started a Confederate museum here. It already contains a good many war relics and it is being added to every week. The last two presented are a minie ball and a Testament and a ball. The first one was owned by W. G. Adcock and it passed through his left side at Gettysbury on the first of July, 1863. The wound was thought to be fatal, but the owner of the ball is living yet. The Testament was owned by George H. Fitts, who died a few years ago. The ball struck the testament, which was in a pocket on his right side, and cut a hole through it, entering the man, came out on the left side. No doubt the Testament saved Mr. Fitts life at that time. "There are several more interesting relics in the museum, but the managers want all the war relics they can get."

Bennettsville, S. C., Sept. 18.—Simple but beautiful in every detail was the wedding of Miss Mary Rose Medlin and Mr. William Edgar Norris, of Bennettsville, which was witnessed by a host of friends and relatives on Thursday evening last at 6 o'clock at the Methodist church. The church was artistically decorated with pot plants and cut flowers. Before the bridal party entered Mrs. C. E. Exum sweetly sang "All for You." To the strains of Tannhauser, rendered in charming manner by Mrs. William Carlisle, the party entered as follows: Messrs. R. K. Breeden, Edgar Harrell, Fred Adams, Marcon Jackson; next in dainty lingerie, the pretty ribbon girls, Misses Annie Mawry, Kate Breeden, Vera Kirkwood and Tiny Breeden; then the bridesmaids, lovely in white crepe de chine, draped effect, with pearl trimming, made en train, Misses Aileen McLeod, Nonie McLaurin, Meta Jackson, Grace Mitchell and Mary Tankard, of Washington, N. C., each carrying a shower bouquet of white asters. The groomsmen were Messrs. Deems Matherson, Willie Jordan, John B. McLaurin, Drake Hardin and Kirksy Meekins. Mrs. Dan Pate, the dame of honor, looked charming in her wedding dress of white crepe de chine trimmed with pearls and point lace, carrying a shower bouquet of asters. Miss Theo. Welch, of Jacksonville, Fla., dressed in blue Duchess satin, made princess, was the charming maid of honor. The ring bearer was Miss Adele Medlin, sister of the bride, and she was bewitchingly gowned in a dainty white silk elaborately trimmed with silk lace. Little Misses Theresa Brown and Mary Mitchell as flower girls wore yellow silk trimmed with lace and chiffon and strewed rose petals in the bride's path as she entered leaning on the arm of her father, Mr. J. T. Medlin.

The bride was lovely in her wedding gown of ivory colored Duchess satin made with court train and bolero jacket of filet lace. Her veil was caught with orange blossoms and she carried a shower bouquet of bride's roses and lilies of the valley. The groom and best man, Mr. John Carlisle, entered from the side and joined the bride at the altar where Rev. R. E. Townsend, assisted by Rev. J. W. Potter, of the North Carolina Conference, uncle of the bride, performed the ceremony. After the ceremony the bride and groom left for an extended bridal tour, returning from which they will be at home to friends at Bennettsville, S. C.

—Edna Stewart, a woman of questionable character, was arrested at 11th and Chestnut streets last night on a warrant charging her with an assault on a companion, Katherine Vaughn, with a deadly weapon, towit, a hair brush. The case will probably be heard before the Recorder this morning.

..Theatrical..

Tomorrow comes the big theatrical event, the opening of the season, and this year the inauguration falls to the lot of Al. G. Field's Greater Minstrels. No better attraction could have been selected and the opening bids fair to be a glorious success. Seats will go on sale at Plummer's this morning and the usual Field scale will prevail, that sells no seat at a higher price than $1.

The Field Minstrels are on their 26th annual tour and put forth the usual announcement. However, it is all embodied in five words, "Bigger and better than ever." To substantiate the claim the following productions are promised:

The opening scene entitled "Night and Morning," or "Down Where the Cotton Blossoms Grow." A cotton field with male and female cotton pickers—a cotton gin in operation, a steamboat loading cotton, a steamboat under way—a beautiful tableau, "Down Stream," solo and ensemble, "Darling Nellie Gray," "As the Sun Goes Down," "The Storm," "Night on the Bayou," "Moonlight on the River," "Morning," "The Florescent Fun Festival," "The Bower of Beauty," "The Garden of Flowers."

"I'll seek a four-leafed shamrock in
all the fairy dells,
And if I find the charmed leaves, oh,
how I'll weave my spells."
—LOVER.

A second transformation introduces the third and last scene of "Night and Morning." Nothing could offer greater contrast. From flowers of all hues to Forbes Field, the home of the Pirate crew, the Pittsburg baseball team, the finest athletic park in the world. All the prominent players of the major leagues—Honus Wagner, Ty Cobb, Roger Bresnahan, Christy Matthewson, John McGraw, Frank Chance, in review. The burlesque on our national game by the Black Hawks and the Daffodils, concluding with an umpire baiting bout which ends the first part after which the most original and diversified of all musical episodes, "Darktown Pomander Walk." Not a burlesque on the play of Pomander Walk, but an original idea or a thousand ideas elaborated opening with Doc Quigley's greatest dance creation, "Aunt Dinah's Quilting Party," followed by a myriad of musical, mirthful specialties, a review of vaudeville and opera. The burlesque on "It Trovatore"—Ill to bad doer—the hand organ and the monkey—Herbert Willison, Jack Allman and Henry Neiser, the animal impersonator as the monkey, the Sunshine of Paradise Alley and the latest craze, "Baby Lou," the trombone tourists, the dances of Dixie, the pantomine nightmare—Wry Hiball's fearful finish, Dante's inferno, Darktown Pomander Walk is one long list of laughs. There's not a breathing spell in the whole walk. Minstrelsy more modern than ever presented, musical stunts, comedy stunts all leading to the grand finale the last number, "Mexico, Oh Ho." Any other title would fit as becomingly. The scene is laid in Texas in a military camp where the citizen soldiery vie with the seasoned veteran in the game of war. A burlesque bull fight, the military review, "Soldiers and Sailors on Parade"—all of Uncle Sam's boys in review concluding with a patriotic picture in a series of tableaus entitled, "Let Us Have Peace." Washington, Lincoln, Grant, Lee and Taft. The peace hymn dedicated to President Taft by his permission, the latest musical surprise followed by a naval review, "Commodore Perry's Victory."

At the Bijou.

The Bijou today will make one of the most wonderful, as well as one of the largest offerings ever made in Wilmington. It will be by far away ahead of anything of the present season, and will be no less pretentious and sumptuous presentation than that of the photoplay version of the noted classical drama, "The Three Musketeers," by Dumas. This offering is a costly one, and it again attests strongly as to the enterprise of the Bijou management. There will be two reels of this giant film, and each will be presented with special effects. The production made for taking the pictures was a most expensive and massive one, and the costumes were simply gorgeous. Besides all this, the company that posed for the pictures was a tremendous one, and the roles of the three musketeers were played by well known actors. The part of the dashing, intrepid "D'Artagnan," was taken by a noted actor, who can be plainly recognized in the film. "The Three Musketeers," will only be the star of today's Bijou bill. There will be other films of high class, wholesome nature, and a new and big musical programme. Amusement lovers cannot afford to miss today's big and rare treat at the Bijou.

At The Grand.

Three big films are offered as the features at the Grand this afternoon and evening. One of the best of these is the noted Pathe picture, "A Daughter of the South." This is a story of the civil war with both the North and South sharing in the honors. A girl of the South loves a Confederate private and she is loved in turn by a union officer. The story is too original to spoil the telling and it must be seen to be appreciated. A most dramatic and realistic scene is the climax of this great play as it will be seen in motion pictures. Another feature will be Lubin's masterpiece, Al Martin's Game." Mr. Danford will sing, "I'll go With You to the Eend of the Earth and then to the World Beyond" This a beautiful illustrated ballad that is sure to please.

The New Lyric.

Large crowds greeted each performance at the New Lyric, on Market street, last night and all were pleased with the offering and the pretty little theatre. Moving pictures and vaudeville are offered with several high-class acts, one of the number this week being a contortionist of note and a comedy team that is well worth seeing. Matinees are given at 3:15 and 4:30, prices 10 and 15 cents and the first show in the evening will be at 8:15 P. M.

—Among those at The Orton yesterday were: P. F. McGhee, Charlotte; S. A. Boney, Wallace; F. B. Lake Waccamaw; E. J. Hill, Warsaw; E. R. Hutchings, Charlotte; J. J. Wooton, Charlotte.

LOCAL DOTS.

—According to information received at the Sheriff's office yesterday, John Robinson's circus will show in this city October 23rd.

—Mr. Henry G. Bowden, field secretary of the Y. M. C. A. with headquarters in Charlotte, conducted services at St Matthew's Lutheran Church Sunday morning. He made a most interesting talk which was heard by a large congregation.

—The new schedule of Coast Line passenger trains went into effect Sunday. The only change materially affecting Wilmington trains is that of No. 48, which now leaves for the North at 8:40 A. M. instead of 8 A. M. as formerly. The new schedule of No. 48 is the same that was in effect last Winter

—City Attorney Herbert McClammy, Esq., addressed an enthusiastic meeting of the Good Roads and Sanitary Association Sunday afternoon in the colored Baptist church at corner of Fifth and Campbell streets. Mr. McClammy delivered an interesting and instructive talk and was heard with close attention by a large audience.

PERSONAL PARAGRAPHS.

—Messrs. A. B. Franklin and Claude Phillips, of Goldsboro, were in the city Sunday.

—Mr. L. W. Davis left Saturday for New York, where he went to purchase clothing for his wholesale trade.

—Mr. C. W. Yates left during the past week for New York where he will spend a week or ten days on a business trip.

—Mr. L. Leon left Sunday evening for New York and Baltimore, in which cities he will spend two weeks visiting relatives and friends.

—The following were among the arrivals at the Southern Hotel yesterday: F. L. McCraver, Charlotte; E. M. Doughty, Charleston; S. Pearson, Kinston; J. C. Johnson, Newbern; R. P. Gibson, Rocky Mount; Dr. and Mrs. B. T. Atkinson, Council; F. N. Davis, Elizabethtown; M. D. Felton, Elkton; W. B. Burney, Clarkton; R. D. Pridgen, Currie; B. J. Powell, Hamlet; C. W. Clark, Laurinburg; J. A. Lowe, Sanford; Walker Newton and I. N. St. George, Southport.

Why is the soda cracker to-day such a universal food?

People ate soda crackers in the old days, it is true—but they bought them from a barrel or box and took them home in a paper bag, their crispness and flavor all gone.

To-day there is a soda cracker which is *the recognized staple* — Uneeda Biscuit.

Uneeda Biscuit are the most nutritious food made from flour and should be eaten every day by every member of the family from the youngest to the oldest.

Uneeda Biscuit—soda crackers better than any ever made before—made in the greatest bakeries in the world—baked to perfection—packed to perfection—kept to perfection until you take them, oven-fresh and crisp, from their protecting package.

IRREGULAR COTTON MARKET

Apprehensions of Unfavorable Weather Restricted Aggressive Selling Yesterday—Opened Steady at Decline.

New York, September 18.—Apprehensions of unfavorable weather restricted aggressive selling in the cotton market today, but fresh buying for long account was discouraged by continued reports of easier spot markets in the South, with the result quiet and somewhat irregular, but generally lower market, which closed steady, net unchanged to 9 points lower; September being unchanged while later months were from 6 to 9 points below the closing figures of yesterday.

The market opened barely steady, at a decline of 3@7 points in response to lower Liverpool cables and over Sunday selling orders, which had evidently been attracted by the easier tone of Saturday's market. Leading bull brokers gave just about enough support to absorb these offerings and during the middle of the morning prices rallied 3 or 4 points from the lowest, on apprehensions that the tropical storm reported east of Jamaica might work into the cotton belt, but there was no broadening of demand on the advance and the market later weakened again under Southern selling and local pressure, following unfavorable spot advices from the South.

This decline carried prices into new low ground of the movement, with October selling off to 11.20 and January to 11.27, or from 8 to 10 points below the closing figures of yesterday, but with the weather outlook uncertain, sellers were not aggressive in following prices down, and subsequent fluctuations were irregular. Profit-taking by scattering shorts caused only slight reactions, however, and closing prices were within a point or two of the lowest.

Aside from the possibility of unfavorable weather there seemed to be little in the day's developments that figured in bullish arguments, while the increasing receipts, reports of lower Southern spot markets and unfavorable financial and political conditions abroad, were all used as a basis for predictions of lower prices. Rumors that leading bulls were reducing their lines during the early trading were denied and while leading spot people were credited with selling during the morning they were supposed to be giving the market some short, after midday. The private condition report of 72.6 against 75.9 at the end of August was without appreciable influence.

Receipts of cotton today, 52,325 bales, against 32,960 last week and 30,579 last year. Today's receipts at New Orleans, 2,913 bales, against 1,769 last year and at Houston, 34,040 bales, against 30,714 last year.

Spot, quiet, 10 points lower; middling uplands, 11.65; middling gulf, 11.90; no sales.

Futures closed steady.

THE GRAIN MARKET.

Chicago, Sept. 18.—Threshing delay, due to wet weather, in the Canadian Northwest, brought about firmness today in wheat. A big increase in the United States visible supply acted as an important offset. Closing figures were ¼@½ to ½c. higher than Saturday night. A Dreadful Sight

to H. J. Barnum, of Freeville, N. Y., was the fever sore that had plagued his life for years in spite of many remedies he tried. At last he used Bucklen's Arnica Salve and wrote: "It has entirely healed with scarcely a scar left." Heals burns, boils, eczema, cuts, bruises, swellings, corns and piles like magic. Only 25c at R. STOCKS SHOW NERVOUSNESS

Taft Speech at Detroit Caused Uneasiness on Wall Street—Saturday's Gains Were Crossed—Market Stronger.

New York, Sept. 18.—Wall street suffered today from one of its frequent attacks of nervousness over the uncertainties of politics. The source of uneasiness on this occasion was President Taft's speech at Detroit in regard to the enforcement of the anti-trust law and it was sufficient to bring about a sharp reaction in the stock market. The handsome gains recorded on Saturday were crossed off the list in short order when trading was resumed today. Later in the session, however, the market became stronger. Losses were gradually recovered and at the close some stocks ruled slightly above Saturday's final figures.

In spite of the morning's decline there was no important liquidation and with the memory of Saturday's rout still fresh, bear traders were cautious. Business accordingly became dull. The declines were due to some extent to careful short selling, the bears circulating varying reports of what the President would say in his speech. When the speech itself was available it was seen that the prophecies which had alarmed some traders had not been borne out, and there was an improvement in sentiment.

The action of the market was disappointing to traders, who had expected a continuation of the upward movement.

Further reports of governmental action against corporations accompanied the decline in United States Steel and International Harvester. The latter stock sold down to 101¾, its lowest price of the year. Ned Haven, on the contrary, was exceptionally strong, recovering more than three points more of its recent heavy loss. In the late trading the issues were the conspicuous features of the list, both the common and the preferred stocks making good gains in response to heavy buying.

London bought stocks on the early decline, taking perhaps 25,000 shares.

The government's statement of foreign trade in August showed an unprecedented volume of exports, the balance of trade in favor of this country surpassing all previous records for that month.

Bonds were irregular. Total sales, par value, $1,457,000. United States bonds were unchanged on call. Total sales of stocks today were 494,600 shares.

THE TRUE TEST

Tried in Wilmington, It Has Stood the Test

The hardest test is the test of time, and Doan's Kidney Pills have stood it well in Wilmington. Kidney sufferers can hardly ask for stronger proof than the following:

R. A. Biddle, 606 Castle street, Wilmington, N. C., says: "I suffered from my kidneys and back for a long time and another member of my family also complained of backache. Finally we got Doan's Kidney Pills at Bellamy's drug store and the results of their use were astonishing. The secretions from my kidneys were cleared up and the pains and bachache disappeared. We consider Doan's Kidney Pills a most effective kidney medicine and will always be pleased to endorse them." (This statement given in April, 1903.)

Time is the Test.

Mr. Biddle was interviewed on December 27th, 1910, and he said: "I have no reason whatever to alter my opinion of Doan's Kidney Pills. They made a permanent cure in my case and for that reason I am always glad to say a good word for them."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CONFERENCE HERE AS TO WALK-OUT

(Continued from Page One.)

and their grievance committee. According to the agreement between them and the road they say. It was learned from persons closely in touch with the railroad side of the situation today that the road is likely to treat with the men if the men will go back to work. There was some slight disorder at South Rocky Mount, last night, but this was not the result of the action of any organized body of men, however. Yesterday's developments in the situation were meagre. The conductors and engineers met during the day and received a committee of three from the car workers. What action these two branches of the service took, after hearing the car workers' committee, has been kept secret. There is no intimation, however, that there is the slightest chance that the engineers and conductors are going out. During the afternoon President R. W. Dunlap, of the car workers, issued the following statement:

"The actual number of men now out is 320 in this city. The statement Saturday that there was no trouble at Florence is wrong. We received a wire Saturday saying that the Florence men were out. That was Saturday evening. The intimation of the railroad that the trouble is slight is misleading as 1,000 or so men will be affected should the car workers go on strike. As to the treating with a grievance committee, I would like to say that Mr. E. M. Doughty is still in the employ of the Atlantic Coast Line and this would not allow the railroad to refuse to treat with a man who is out. The matter is in the hands of Mr. Doughty, pending a settlement. I wish to correct an impression that was gained by reports published Saturday when I said that we will all be out. I meant that the car workers at all points would be out this week, I thought. As to the other crafts, I would say that if the grievance is not settled within a reasonable time, other crafts may take it up.

New Charters Issued—Fleming Case. Progressive Farmer.

(Special Star Correspondence.)

Raleigh, N. C., Sept. 18.—Of the International Re-Insurance Co., of Vienna, Austria, has filed with the Commissioner of Insurance application to do business in North Carolina. This makes 145 fire insurance companies doing business in this State under State licenes. Ten years ago there were only about 50 companies.

A charter was issued today for the Edgecombe News Co., Tarboro, capital $5,000 authorized and $500 subscribed by S. P. Bass, H. R. Congor and W. H. Pittman. There was also a charter today for the Palmetto Social Club, Charlotte, capital $500 subscribed by W. M. Branner, J. M. McLeod and others.

Since Mrs. Nellie Claire Fleming, who was Miss Crouch, of Washington, D. C., has secured from Superior Court Judge R. B. Peebles an order reversing the order of Chief Justice Walter Clark giving the two children to a brother of their father, Percy B. Fleming, and restoring them to her as a fit custodian in spite of charges against her by the husband, a suit for alimony develops the contention by the husband that his estate has dwindled to nothing so that there is no assets either for mother or children that the court can attach. He inherited a $20,000 estate six years ago. A few hundred can be realized over incumbrancies from the Fleming residence on North Blount street, valued at $6,000.

The Progressive Farmer, which a few weeks ago announced the purchase of the Farmers' Union Guide, of Birmingham, Ala., now announces the absorption of the Southern Farm Advocate, Memphis, Tenn., with 30,000 circulation to be combined mostly with the Starkville, Miss., edition of the Progressive Farmer, edited especially for circulation in Mississippi, Alabama, Louisiana, Arkansas and Tennessee with Dr. Tait Butler, vice president and associate editor with Editor Clarence Poe, of Raleigh, in charge.

TRAIN DELIBERATELY WRECKED.

Engineer of R. F. & P. So Testifies as to Laurel Crash.

Richmond, Va., Sept. 18.—That the Richmond, Fredericksburg & Potomac Railroad, southbound train from Washington, was deliberately wrecked near Laurel station Saturday afternoon, was the opinion expressed at the coroner's inquest today by Chas. C. Cooper, an engineer who rode in the cab with Engineer Frank L. Koontz and Fireman R. E. Bryde, who lost their lives in the wreck.

Cooper was carried from his bed in a hospital to the inquest. He testified that just before the engine left the rails he saw a small heap of stones wedged between the ties and across the right hand rail. These, he believed, deflected the forward wheels of the locomotive.

Washington, Sept. 18.—President Taft has granted executive clemency to the first woman applicant during his administration. Margaret Blevins, of Big Stone Gap, Va., was sentenced to a month's imprisonment and $100 fine for evading internal revenue taxes on whiskey. As she is 60 years old and very feeble the President commuted her sentence to the fine.

Memphis, Tenn., September 18.—Joe Mandot, of New Orleans, was awarded the decision over Tommy Kilbane, of Cleveland, after eight rounds of fast fighting, before the National Athletic Club, tonight. It wah Mandot's fight from the start. Kilbane was badly battered, but fought gamely.

FINAL ASSAULT ON RECIPROCITY

(Continued from Page One.)

agreement, Sir Wilfrid Laurier tonight stirred to remarkable enthusiasm an audience which filled the largest auditorium here.

"If I were as sure of my eternal salvation as I am that Canada will ratify reciprocity three days hence, my soul would be at peace," declared the premier, and his hearers gave him cheer upon cheer. Sir Wilfrid said that as a result of his speech-making campaign in Canada he had found both his friends and opponents praising the reciprocity agreement. Though the millionaires may denounce the treaty, he said, the multitude who cast the ballots favor it.

"My opponents say that reciprocity will be a good thing for the United States. I believe it. I would hate to believe otherwise, but I say that it is a better thing for Canada. How could it be otherwise? Where a rich people of ninety millions open their markets to a less wealthy country of eight millions which is bound to be the greater gainer? No reasonable man can say that Canadians will not be the greater gainers."

Sir Wilfrid planned to speak four times in and near Montreal tomorrow. By Wednesday the premier said today he will have delivered during the five weeks campaign at least one speech for each of his seventy years.

EX-SENATOR CARTER DEAD

Died at His Home In Washington Sunday—His Career.

Washington, Sept. 18.—Former United States Senator Thomas Henry Carter, of Montana, for many years a notable and picturesque figurt in National politics, once head of the Republican National Committee and since last March chairman of the American section of the International Joint Commission, appointed by President Taft in connection with the settlement of the Canadian border, died at his home, 1528 Sixteenth street northwest, early today of lung and heart complications.

While his condition had been serious during the past five days, it was known only to his family and a few intimate friends. Since his retirement from the Senate last March Mr. Carter had been serving as a member of the boundary commission. Earlier in the summer he visited his home at Helena, Mont., and then went to Islesboro, Maine, to join his family, who accompanied him on his return to Washington several weeks ago.

THE LACKAWANNA STRIKE.

Conflicting Statements By Officials and Trackmen as to Number.

Scranton, Pa., Sept. 18.—Contradictory claims were made here tonight by the Delaware, Lackawanna and Western Railroad officials and the leaders of the trackmen's union, in regard to the number of men who answered the strike call issued Saturday by the leaders. The company claims that not more than 25 per cent. if its trackmen and foremen staid away whom work. A. B. Lowe, president of the International Brotherhood of Maintenance of Way Employes, who is in charge of the strike, said that fully 90 per cent. of the trackmen will be on strike Wednesday morning if the company does not concede an arbitration of their demands by that time.

The Delaware, Lackawanna and Western trains passed through here on time today and there was no interruption of the freight service. More than 300 watchmen in the company's employ are patrolling the tracks.

MANIA FOR FIRES.

Iredell County Child Burned Baby Sister to Death.

Charlotte, N. C., Sept. 18,—The peculiarly astrocious burning of a two-year-old child of E G. Friday, a prosperous farmers of Iredell, by her brother, 4 years old, came to light today. The older child deliberately ignited a small torch and applied it to the clothing of the baby sister. the latter dying shortly afterward in horrible agony. When asked his reason for committing the act the child replied "Just because." He has been caught repeatedly in the act of setting fire to furnishings of the house and is possessed of a mania for fire.

MAINE ABOLISHES PROHIBITION

Majority for Repeal Finally Fronts Up Only Twenty.

Augusta, Me., Sept. 18.—Complete official returns from the special election of last Monday, when Maine voted on the question of the repeal of the prohibitory amendment, as canvassed by the government and council tonight, showed a majority of twenty votes in favor of repeal.

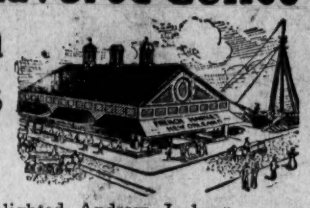
Various discrepancies were found in the official returns as compared with the Secretary and State office. The latter indicated for repeal a majority of 136.

Albany, N. Y., Sept. 18.—Without a dissenting vote the Senate tonight passed a resolution offered by Senator Roosevelt requesting New York's representatives in Congress to use their best endeavors to secure the adoption of a resolution to submit to the Legislatures of the several States an amendment to the Federal constitution delegating to Congress power to establish uniform divorce laws throughout the United States.

Natchez, Miss., September 18.—Honduras and Japanese rice will advance an average of 25 cents a bag September 20th, according to advices received by F. D. Brown, president of the Mississippi River Rice Growers' Association, from A. C. Wilkins, secretary and general manager of the Southern Rice Growers' Association. Harvest prospects are poor, according to Mr. Wilkins.

New York, Sept. 18.—Captain Paul Beck, of the United States Army, is the aviator who will carry the first special delivery United States mail back that has ever been transported through the air. He will make trips twice daily from Nassau Boulevard, Long Island, to Brooklyn and various postoffices on Long Island during the international aviation meet to be held September 23rd to October 1st.

That Richly-Flavored Coffee You Drank in New Orleans



in the quaint old French Market, is exactly the same famous French Market blend that so delighted Andrew Jackson, Henry Clay, and the gallants and beauties of a hundred years ago. In those days

French Market Coffee

could be had nowhere else, but NOW you all may serve this famous beverage daily at your own tables. For the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process

and the *real old French Market Coffee* can now be had at your grocer's—in hermetically sealed tins.

All harshness and bitterness is *roasted out* of French Market Coffee. They used to drink cup after cup in New Orleans at midnight. You may do the same today.

There is only *one* real old French Market flavor.

GOOD ROADS CONGRESS.

Great Meeting Assembles in Chicago for 13 Days.

Chicago, Sept. 18.—The fourth annual good roads congress, and exposition was opened here today and will continue in session for 13 days. Delegates to the congress will start a campaign for the construction of national turnpikes from the Atlantic to the Pacific, from Chicago to New Orleans and from Washington, D. C., to Gettysburg, Pa. Resolutions also have been framed advocating the passage of Federal laws to control automobiles on all public highways.

There will be a special programme each day at the congress devoted to a special group of States and foreign countries.

Banquets have been arranged for Iowa Day tomorrow; Pennsylvania Day September 26th; Tennessee Day September 27th, and Illinois Day September 30th.

STRIKE IN IRELAND.

Railway Employes Hold Mass Meeting in Dublin—Situation Grave.

Dublin, Sept. 18.—A great mass meeting of railway employes was held tonight and a resolution adopted in favor of a general strike on the Great Southern and Western, the Local Northern and the Midland Great Western, the three principal railways in Ireland. So serious do the authorities regard the situation that all the Dublin regiments which are absent on practice have been ordered to return to this city. Little violence has yet been reported. The Royal Irish Constabulary and the Dublin mounted police are guarding the railway stations. The strike is due to the refusal of the three railways to accede to the demand of their employes that the railways decline to handle consignments of timber from firms involved in disputes with their employes.

MEXICANS INVADE TEXAS.

Stealing All Horses on Lower Rio Grande Ranches.

Misison, Texas, September 18. — Bands of armed Mexicans attacked American ranches in the lower Rio Grande valley today, taking all horses in sight. A band of twenty visited Tabasco ranch near Sam Fordyce last night and took twenty-five horses. The news was wired to Mission and all farmers and ranchmen quickly gathered their stock, while armed men kept watch over the herds all night. A guard of thirty men camped last night on the ranch of Ramon Vela, a few miles above Mission. Raids are reported in the Hidalgo neighborhood, and are attributed to followers of Magon, the Lower California revolutionist.

MEXICANS FIGHTING INDIANS.

Number Killed Yesterday in Encounter With Troops.

Mexico City, Sept. 18.—A number of persons were killed and wounded today near Rio de Grijalva, Chiapas, in an encounter between State troops and the rebellious Indians of Chiapas, according to dispatches received here. Indians are reported to have received the blessing of a priest just before entering into the fight. It was stated at the President's office that soldiers would be sent from the capital in the morning to Chiapas.

Highland Falls, N. Y., Sept. 18.—The Rocks, property of the estate of the late Colonel Caleb Hause, of the Southern Confederacy, which was used as a sort of annex to the military academy at West Point for the housing of Summer guests, was practically destroyed by fire tonight Loss $50,000.

FOLEY'S HONEY AND TAR COMPOUND

A COMMON COLD neglected may go quickly into CROUP, BRONCHITIS, or PNEUMONIA which often means a sudden fatality. Keep FOLEY'S HONEY AND TAR COMPOUND always in the house and give at first sign of a cold. Refuse substitutes.

John Parsons, Stewart, Ohio, writes: "We use Foley's Honey and Tar Compound as our best and only cough remedy. It never fails to cure any of my seven children of cough. My 2-months' old baby has had a most severe cough, which our Doctor said he could not cure, and that Baby would surely die. Several of our relations and neighbors had gathered to witness the ending of the child's life. Two bottles of Foley's Honey and Tar Compound cured the child and he is alive and well today. Robert R. Bellamy.

Colfax, Cal., Sept. 18.—Aviator Robert G. Fowler, marooned here awaiting repairs for the rear rudder of his biplane, which was broken six days ago, said today he expected to leave Thursday morning to continue his trans-continental flight.
